November 15, 2021

Mr. Kenneth Zellers, Acting Commissioner
Office of Administration
State Capitol, Room 125
Jefferson City, Missouri 65101

Dear Acting Commissioner Zellers,

In accordance with Section 1.6 (2) of the State Omnibus Reorganization Act of 1974, I respectfully submit for your approval the attached revised departmental plan for the Department of Corrections.

Since the last departmental plan was submitted in 2019, the Department of Corrections has implemented the following organizational change:

- Beginning on July 1, 2021, the Kansas City Release Center, located in Kansas City, was converted to the Transition Center of Kansas City. The administration of the facility was changed from the Division of Adult Institutions to the Division of Probation and Parole. This change will result in the facility no longer being used to house incarcerated offenders, instead it will serve as a center to house offenders on community supervision (either probation or parole). The offenders housed at the facility will be community supervised offenders at-risk for revocation or needing temporary stabilization to remain successful on community supervision. The appropriation language was changed by the General Assembly in the FY 2022 department operating budget (House Bill 9, Section 9.241) to facilitate this change.

I am submitting the Department's organizational narrative description, organizational chart depicting the changes, and the salary schedule for the administrators of the Department. Please advise if you have any questions regarding any of this information.

Sincerely,

APPENDIX C — DEPARTMENTAL PLANS

Departmental Overview

The Department of Corrections is an agency dedicated to public safety through the successful management and supervision of offenders in prison and on probation or parole. The department's responsibility is to administer the sentence set by the court in ways that promote public safety at the lowest cost. Offenders assigned to the department are managed by ensuring they are supervised at the appropriate custody or supervision level. A cadre of over eleven thousand trained correctional professionals committed to the vision, mission, and values of the department assess each offender's criminal history, evaluate community and institutional conduct and enforce court orders and department rules. This mixture of on-going assessment, classification, referral to supervision strategies and assignment to basic habilitation interventions are several of the key methods used to promote sober, responsible, productive and law-abiding behavior. When offenders are held accountable for their actions, the public's safety is enhanced.

In all, the department is responsible for the care, custody and supervision of approximately 80,000 adult offenders in Missouri. APPENDIX C — DEPARTMENTAL PLANS

Division of Adult Institutions

The Division of Adult Institutions is responsible for the administration and operation of 19 adult correctional institutions with a projected average daily population of approximately 23,000 incarcerated offenders. The division has the overall responsibility of administering the correctional centers and managing incarcerated offenders in a secure, safe and humane manner. All newly committed offenders undergo a full classification analysis at a reception and diagnostic center to determine appropriate custody level and basic treatment needs. In addition, offender reclassification occurs throughout each offender's period of incarceration to ensure that offenders are housed at an appropriate custody level institution. The division also works to prepare offenders for successful reintegration back to the community through effective case management and providing reentry programming to improve offender cognitive and life skills. The division establishes work release programs for eligible offenders and provides opportunity for offender visitation with family and friends at each correctional facility. Offenders also receive religious and spiritual programming, hospice and daily living assistance, and palliative care, in addition to a vast cadre of educational and vocational opportunities. The division also operates libraries at correctional institutions to enhance academic education and serve the informational needs of offenders, including constitutionally mandated "access to courts" through legal resources, reference and self-improvement materials.

The Division of Adult Institutions consists of:

The Deputy Division Director of Zone I, which consists of Boonville Correctional Center, Crossroads Correctional Center, Fulton Reception and Diagnostic Center, Moberly Correctional Center, Northeast Correctional Center, Tipton Correctional Center, Western Missouri Correctional Center, Kansas City Reentry Center, Maryville Treatment Center, Chillicothe Correctional Center, Ozark Correctional Center, and Western Reception, Diagnostic and Correctional Center;

The Security Administration Unit, containing the Intelligence Unit, Security Coordinator, and Central Transportation Unit and the Employee Discipline Unit report directly to the division director.

APPENDIX C — DEPARTMENTAL PLANS

Division of Offender Rehabilitative Services

The Division of Offender Rehabilitative Services is responsible for the development and administration of treatment programs for offenders. These programs include Offender Healthcare (Medical and Mental Health), Sexual Offender Assessment and Treatment, Adult Education (including high school equivalency, post-secondary education, and career and technical education), Reentry/Women Offender Programs, Library Services, Substance Use and Recovery Services, and Missouri Vocational Enterprises.

Offender Healthcare includes staff to monitor contracted services for offender medical and mental health services and the Missouri Sex Offender Program. The division also monitors treatment provider compliance for community domestic violence and sex offender programs through three Treatment Compliance Specialists. The Adult Education Section helps offenders earn a high school equivalency certificate, coordinates partnerships to offer post-secondary education to offenders, and delivers USDOL-certified vocational and technical training programs for offenders. The Reentry/Women Offender Unit coordinates department, state, and stakeholder efforts to facilitate successful transitions for offenders from the institutions to the community. Substance Use and Recovery Services supervise the substance use and recovery treatment activities at ten prison facilities, which have programs that vary in length from thirty days to twelve months. Missouri Vocational Enterprises (MVE) produces products and services for state agencies, state employees, other governmental jurisdictions, and not-for-profit organizations, helping offender workers develop marketable skills.

APPENDIX C — DEPARTMENTAL PLANS

Division of Probation and Parole

The Division of Probation and Parole is responsible for case management for probationers, parolees and conditional releases in the community, as well as community corrections programming, which includes one transition center and six community supervision centers. The Division of Probation and Parole assesses and supervises offenders assigned to the division by the Circuit Courts of Missouri, the Parole Board or under the terms of the Interstate Compact. The division also supports the operations of the Parole Board.

The division is divided statewide into six geographic regions for the effective management of offenders. Regions are made up of a network of institutional parole offices, local district offices and, in some instances satellite offices. In addition to community supervision activities, the division also includes the Program Compliance Unit, Fiscal Management Unit, Interstate Compact Unit, the Contract Monitoring Unit and the DOC Command Center. The Command Center operates 24-hours a day, seven days a week to respond to violations of electronic monitoring by offenders in the community and monitors Lifetime Sex Offenders who have been discharged from supervision.

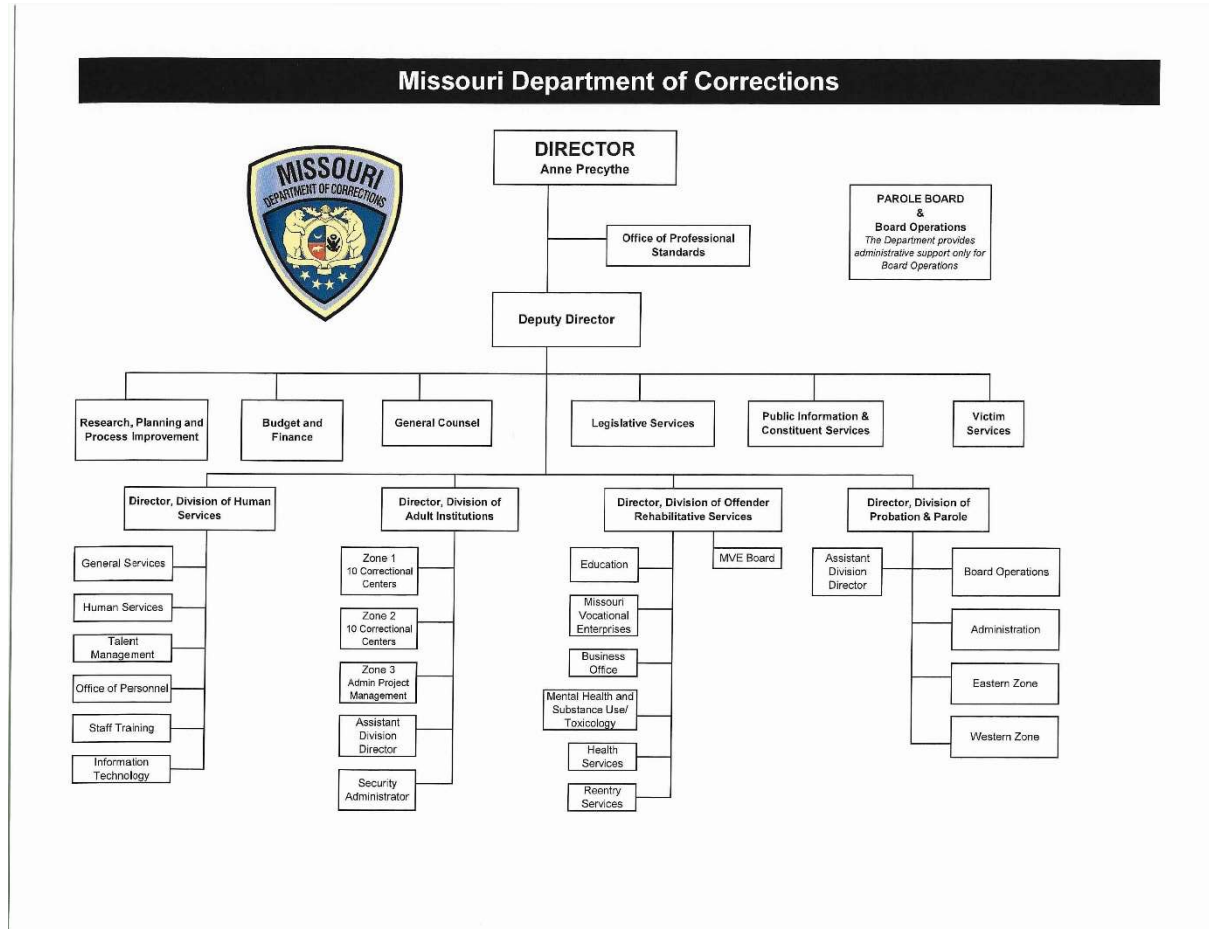

Community Supervision Centers are residential facilities that provide community-based transitional services and supervision strategies to clients released from the Division of Adult Institutions, as well as clients under community supervision who are in need of additional structure or treatment support. Services at these facilities may include substance use disorders assessment, treatment, counseling, employment, educational, and housing assistance, and links to other community-based resources and services. Community Supervision Centers provide the courts and probation and parole authorities an additional intervention for clients experiencing instability in the community through intensive supervision and treatment services. The department operates six Community Supervision Centers at St. Joseph, Farmington, Hannibal, Fulton, Kennett, and Poplar Bluff.

Mr. Ken Zellers
Commissioner
Office of Administration
201 West Capitol Avenue
State Capitol Building, Room 125
Jefferson City, MO 65101

Dear Commissioner Zellers:

The Department of Elementary and Secondary Education's (DESE) organizational structure has remained relatively stable over the past 10 years and still reflects the two primary functions (divisions) of our agency – Learning Services and Financial and Administrative Services. This submission includes updates to DESE's organizational plan last submitted in 2020.

One significant change for 2021 includes the consolidation of the State of Missouri's various childhood efforts as a result of Governor Parson's Executive Order 21-02, dated January 28, 2021, with an effective date of August 28, 2021. As a result of this order, early childhood education, home visiting, and child care programs from multiple departments (DESE, the Department of Health and Senior Services, and the Department of Social Services) have been combined into the Office of Childhood within DESE. Correlating staffing and budget transitions were included in the FY22 budget appropriations. The goals of this consolidation are better outcomes for children, improvement of overall effectiveness of programs, and improved access for Missouri families.

If you have any questions, please do not hesitate to contact our office.

Sincerely,

A handwritten signature in cursive script that reads "Margie Vandeven".

State Board of Education

Under the Missouri Constitution (Article IX), the State Board of Education (board) has general authority for the "supervision of instruction in the public schools." This responsibility includes the oversight of educational programs and services that serve Missourians from preschool through the adult levels.

The board is composed of eight lay citizens, appointed by the governor and confirmed by the Senate to serve eight-year terms. The terms are staggered so that one term expires each year. No more than four members may belong to the same political party. No more than one member of the board may live in the same county or congressional district. Members of the board may not act individually. The board can only act when a state board meeting is held, and the board can only speak through its official records (§ 161.082, RSMo). Effective August 28, 2018, the governor shall appoint an active classroom teacher to the board (§ 161.026, RSMo). The teacher representative shall not have the right to vote on any matter before the board or be counted in establishing a quorum.

The board appoints the commissioner of education to serve as its chief executive officer and as the commissioner of the Department of Elementary and Secondary Education (DESE).

The primary role of the board is to provide leadership and advocacy for the improvement of Missouri's public education system. The board also establishes policies and regulations needed to carry out state and federal laws related to public education. The board's major duties include:

- Setting performance indicators that determine accreditation for local school districts through the Missouri School Improvement Program (MSIP). The current indicators define basic requirements regarding performance on assessments, both in aggregate as well as subgroups; high school graduation and/or dropout; advanced coursework; postsecondary and career preparedness; and other areas of student achievement;
- Establishing academic performance standards for public schools;

1

Department of Elementary and Secondary Education

Article IX of the Missouri Constitution reads, in part: "A general diffusion of knowledge and intelligence being essential to the preservation of the rights and liberties of the people, the General Assembly shall establish and maintain free public schools for the gratuitous instruction of all persons in this state within ages not in excess of twenty-one years as prescribed by law."

To help carry out this mandate, the legislature first established a state office of education, with an elected state superintendent, in 1839. The office went through several transformations until the current constitution, adopted in 1945, established the board in its present form and created a department of education, headed by an appointed commissioner.

DESE was reorganized and established in its present form by the Omnibus State Reorganization Act of 1974.

DESE is primarily a service agency that works with educators, legislators, government agencies, community leaders, and citizens to maintain a strong public education system. Through its statewide school improvement initiatives and its regulatory functions, DESE strives to ensure all citizens have access to high-quality public education.

2

APPENDIX C — DEPARTMENTAL PLANS

DESE is the administrative arm of the board. In addition to the commissioner of education, DESE's organization reflects functions under two divisions—Financial and Administrative Services and Learning Services.

Office of the Commissioner of Education

The commissioner of education directs DESE and fulfills other duties as prescribed by law (§ 161.122, RSMo). These duties include: supervising DESE; directing the process by which school districts are accredited; suggesting ways to upgrade curriculum and instruction in public schools; working with state and local officials to ensure efficient management of public schools; advising local school officials, teachers, and patrons about education-related issues; and seeking "in every way to elevate the standards and efficiency of the instruction given in the public schools of the state." The commissioner is appointed by and serves at the pleasure of the board.

Division of Financial and Administrative Services

This division is responsible for distributing federal and state funds to local school districts and other agencies that provide education-related services. The division assists local school officials with budgeting, audits, and the reporting of financial statistics, both state and federal. The division also provides assistance with school administrative and governance issues. Other personnel in this division administer the federally funded school lunch and breakfast programs. This division also manages DESE's internal business operations, such as accounting and procurement, budget, and human resources.

Division of Learning Services

This division is composed of offices that manage rehabilitation services, college and career readiness, data system management, educator quality, quality schools, special education, and childhood.

Office of Adult Learning and Rehabilitation Services

This office administers statewide services for vocational rehabilitation, disability determinations, independent living, and veterans' education training.

Vocational Rehabilitation assists eligible individuals with disabilities in achieving competitive, integrated employment. Statewide offices provide training and employment services, such as guidance and counseling, job placement, vocational training, and supported employment.

Centers for Independent Living (CILs) are located throughout the state providing services to individuals with disabilities that increase their independence and ability to participate in their communities. CILs offer services that include advocacy, information and referral, independent living skills, peer support, and transition.

The Disability Determination Services program determines medical eligibility for Missourians, across the state, who have filed for disability benefits with the Social Security Administration.

For Gifted Education, the office provides support and compliance monitoring for LEAs with gifted programs or with interest in starting a gifted program.

This office also provides support for LEAs serving homeless children and youth, neglected and delinquent students as well as foster care students.

Financial and technical support for all approved sheltered workshops in the state is provided through this office. Sheltered workshops provide employment for adults with disabilities.

The office oversees the operation of three school systems administered by the State Board of Education. These are the Missouri School for the Blind, the Missouri School for the Deaf, and the Missouri Schools for the Severely Disabled. In addition to providing direct services to eligible students with disabilities, these school systems, through their outreach programs and consulting services, assist local school personnel and families throughout the state in meeting the needs of children with disabilities.

The department is the lead agency for the grant and works closely with other state agencies and organizations, including Children's Trust Fund, the Department of Health and Senior Services, the Department of Social Services, the Department of Mental Health, and the Missouri Head Start State Collaboration Office.

APPENDIX C — DEPARTMENTAL PLANS

DEPARTMENT OF SOCIAL SERVICES

The Missouri Department of Social Services is charged with broad responsibilities by the Missouri Constitution and state statutes. Article IV, Section 37, of the Missouri Constitution states: "The health and general welfare of the people are matters of primary public concern; and to secure them there shall be established a department of social services . . ."

State statutes charge the department to provide appropriate public welfare services to promote, safeguard, and protect the social well-being and general welfare of children, to help maintain and strengthen family life, and to provide public welfare services to aid needy persons who can be helped to become self-supporting or capable of self-care.

The Department of Social Services has four program divisions (Children's Division, Family Support Division, MO HealthNet Division and the Division of Youth Services) and two support divisions (Division of Finance and Administrative Services and Division of Legal Services). Dear Commissioner Zellers:

In accordance with the Reorganization Act of 1974, I respectfully submit the attached update to the Department of Health and Senior Services departmental plan. Revisions to the plan include the following:

- The State Public Health Laboratory transitioned as its own DHSS division on July 1, 2021. The size and scope of the laboratory's ever-expanding responsibilities necessitates this realignment as a division rather than a component of the DHSS Director's office.

 - The shift of these offices are to better integrate into the larger objectives of public health and to incorporate these vital responsibilities into the broader efforts within the division. The division will be investing in an these efforts as we continue integrating Minority Health and Dental Health to a greater extent of our public health response efforts.
- In accordance with Executive Order 21-02, which established the Office of Early Childhood within the Department of Elementary and Secondary Education, pursuant to section 192.005 RSMo, created several Type 1 program transfers under the Reorganization Act of 1974 from the DHSS divisions of Community and Public Health and Regulation and Licensure as follows:
 - Transferred the authority, powers, duties, functions, records, personnel, property, contracts, budgets, matters pending, and other pertinent vestiges of the Early Childhood Comprehensive System, Safe Sleep and Safe Cribs program, and Home Visiting Unit within the Section for Healthy Families and Youth and the Child Care Health Consultation Program within the Section for Women's Health from the Division of Community and Public Health of the Department of Health and Senior Services to the Office of Childhood; and
 - Transfer all authority, powers, duties, functions, records, personnel, property, contracts, budgets, matters pending, and other pertinent vestiges of the Section for Child Care Regulation from the Division of Regulation and Licensure of the Department of Health and Senior Services to the Office of Childhood.

The above listed changes will not result in any additional costs to the state. The updated department plan, organizational chart and executive salary schedule are enclosed for your approval.

Sincerely,

APPENDIX C — DEPARTMENTAL PLANS

Department of Mental Health

Though its functions date back to 1847, the Missouri Department of Mental Health was first established as a cabinet-level State agency by the Omnibus State Government Reorganization Act effective July 1, 1974.

State law provides three principal missions for the department: (1) prevention of mental disorders, developmental disabilities, substance use disorders, and compulsive gambling; (2) treatment, habilitation, and rehabilitation of Missourians who have those conditions; and (3) improvement of public understanding and attitudes about mental disorders, developmental disabilities, and addictive disorders.

The Department of Mental Health (DMH) is comprised of three divisions that serve more than 170,000 Missourians annually: Division of Behavioral Health, Division of Developmental Disabilities and Division of Administrative Services. DMH makes services available through state-operated facilities and contracts with private organizations and individuals. The state-operated facilities include six adult psychiatric hospitals and one children's psychiatric facility. In addition, four habilitation centers, three community support agencies, one crisis community support agency, six regional offices and six satellite offices serve individuals with developmental disabilities. The department also purchases services from a variety of privately operated programs statewide through approximately 1,300 contracts.

Mental Health Commission

The Mental Health Commission, composed of seven members, appoints the director of the Department of Mental Health with confirmation of the State Senate. The Commissioners are appointed to four-year terms by the Governor, again with the confirmation of the Senate. Commissioners serve as principal policy advisers to the department director. The Commission, by law, must include individuals who represent Missourians with mental illness, developmental disabilities, and substance use disorders and who have expertise in general business matters.

Division of Administrative Services

The Division of Administrative Services oversees the Department of Mental Health budget. In addition, the Division coordinates reimbursements from Medicaid, Medicare, Disproportionate Share Hospitals (DSH) and other third parties. The Division is responsible for processing accounts payable for Central Office, Financial Management, Reporting and Control, Budget Development and Budget Control, Central Office General Services, Fleet Management, Procurement and Contract Management, Revenue Maximization, MO HealthNet, Medicare, and other revenue billings and collections.

Division of Behavioral Health

The Division of Behavioral Health (DBH) manages programs and services for people who need help for mental illness or substance use disorders. Services available are

APPENDIX C — DEPARTMENTAL PLANS

evaluation, intervention, treatment, rehabilitation, recovery support, family support, prevention, education, and mental health promotion.

Most prevention and treatment services are provided by community programs that have contracts with the Division. These programs must meet federal and state requirements in order to provide mental health and substance use disorder services. The cost of services is based on an individual's ability to pay.

Those who have priority for mental health services are: people with serious mental illness, individuals and families in crisis, people with mental illness who are homeless, individuals committed for treatment by the court system, and children with severe emotional disturbances. For substance use disorder treatment, priority is given to: pregnant women, intravenous (IV) drug users, and specific referrals from other state agencies.

Division of Developmental Disabilities

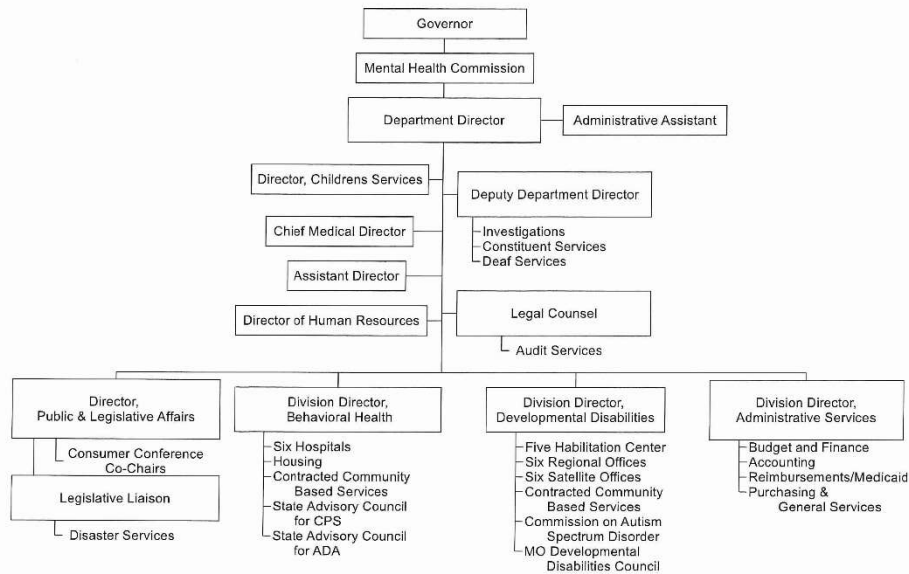

The Division of Developmental Disabilities' philosophy is based on principles emphasizing that families are the most important support network for all people, including individuals with developmental disabilities. One of the best ways to support individuals with intellectual/developmental disabilities is to support and empower their families – to work with them to identify their most important needs and find the most cost-effective way to meet those needs. At the same time, we must support and empower youth and adults with developmental disabilities to begin making their own decisions so they will be able to direct their own services and supports at the appropriate time in their lives.

The service system is a partnership of consumers, families, community members and organizations, the Division, Senate Bill 40 Boards, the Division's contracted service providers, and advocacy entities. Through case management and based on individual needs, individuals are referred to a variety of services and supports administered by other state agencies. These agencies include but are not limited to: Division of Behavioral Health, MO HealthNet, Family Support Division, Children's Services Division, Bureau of Special Health Care Needs, Division of Senior Services, and Division of Vocational Rehabilitation.

The Division contracts for services and supports for people with disabilities and their families which include early childhood intervention, therapies, skills training, vocational training, and recreational and residential supports. These services meet lifetime needs of people with disabilities.

APPENDIX G — SCHEDULE OF COMPENSATION

Report of the Missouri Citizens' Commission on Compensation for Elected Officials

November 30, 2020

A. INTRODUCTION

In order to ensure that the power to control the rate of compensation of Missouri's elected officials is retained and exercised by the tax paying citizens of Missouri, the Missouri Constitution calls for the creation of a commission known as the "Missouri Citizens' Commission on Compensation for Elected Officials" (the "Commission"). The Commission is comprised of Missouri residents selected both at random by the Secretary of State and by the Governor (by and with the advice and consent of the Senate) and meets biannually to hold public hearings throughout the state and to review and make recommendations regarding annual compensation of all elected state officials, members of the General Assembly, and non-municipal judges. Commission members are not compensated for their service (other than reimbursement for actual and reasonable travel expenses to attend Commission meetings).

The Commission members have been honored to serve the citizens of Missouri by fulfilling our responsibilities under the Missouri Constitution, and have performed due diligence to this end, reviewing and analyzing past commission reports, available comparative salary data and other economic data, and holding public hearings to provide citizens of Missouri an opportunity to provide testimony for review and incorporation into this final report. The Commission believes that the elected officials of our state in the executive, judicial, and legislative branches should now be given due compensation for their commitment to public service, and worked diligently to strike a balance between adequate compensation and budgetary restraints. By a vote of 16 to two with two absences, the report was approved. The Commission respectfully submits these recommendations regarding the fair and equitable compensation of our state's public servants with deference to budget constraints, economic conditions, and the ability of the state to sufficiently fund vital services.

B. OFFICIAL SCHEDULE OF COMPENSATION

1) FOR MEMBERS OF THE GENERAL ASSEMBLY

This schedule specifically authorizes a compensation approach for each member of the General Assembly.

The compensation payable to all members of the State of Missouri General Assembly for the fiscal years beginning July 1, 2021 and July 1, 2022 shall be increased by two and one half percent each year for the next two years. This equates to a five percent total increase over the two-year period for senator and representative positions. The percentage increase is slightly lower for leadership as the Commission recommends increasing compensation by the same dollar amount for all members in order to maintain the leadership differentials outlined in Sec. 21.140, RSMo. The following chart shows the specific dollar amounts each General Assembly member position shall be paid in each year.

APPENDIX G — SCHEDULE OF COMPENSATION

General Assembly Members	FY 2022	FY 2023
Senators	\$36,813	\$37,711
Senate President Pro Tem	\$39,375	\$40,336
Senate Majority Floor Leader	\$38,350	\$39,286
Senate Minority Floor Leader	\$38,350	\$39,286
Representatives	\$36,813	\$37,711
Speaker of the House	\$39,375	\$40,336
Speaker Pro Tem of the House	\$38,350	\$39,286
House Majority Floor Leader	\$38,350	\$39,286
House Minority Floor Leader	\$38,350	\$39,286

Beginning in FY 2024, if no subsequent Commission Report has become effective by July 1, 2024, members of the General Assembly shall receive the same percentage increase as was received by Circuit Judges in their most recent yearly increase.

The total additional cost to the state of Missouri for the recommended salary adjustments to all General Assembly members is \$177,215 in FY 2022 and an additional \$177,215 in FY 2023.

To the extent members of the General Assembly are entitled to receive a per diem, they shall receive the per diem provided for in §21.145 RSMo.

To the extent members of the General Assembly are entitled to receive any mileage reimbursement, they shall receive the same reimbursement as State of Missouri employees.

2) FOR STATEWIDE ELECTED OFFICIALS

This schedule specifically authorizes a two year compensation approach for all statewide elected officials.

The compensation payable to the Governor of the State of Missouri for the fiscal years beginning July 1, 2022 and July 1, 2023 shall be increased by two and one half percent each year for the next two years. This equates to a five percent total increase over the two-year period. This brings the salary equivalent to \$137,166 for FY 2022 and \$140,596 for FY 2023.

The compensation payable to the Lieutenant Governor of the State of Missouri for the fiscal years beginning July 1, 2022 and July 1, 2023 shall be increased by two and one half percent each year for the next two years. This equates to a five percent total increase over the two-year period. This brings the salary equivalent to \$88,646 for FY 2022 and \$90,862 for FY 2023.

The compensation payable to the Attorney General of the State of Missouri for the fiscal years beginning July 1, 2022 and July 1, 2023 shall be increased by two and one half percent each year for the next two years. This equates to a five percent total increase over the two-year period. This brings the salary equivalent to \$119,348 for FY 2022 and \$122,332 for FY 2023.

The compensation payable to the State of Missouri Treasurer, the Missouri Secretary of State, and the State of Missouri Auditor for the fiscal years beginning July 1, 2022 and July 1, 2023 shall be increased by two and one half percent each year for the next two years. This equates to a five percent total increase over the two-year period. This brings the salary equivalent to \$110,439 for FY 2022 and \$113,200 for FY 2023.

The total additional cost to the state of Missouri for the recommended salary adjustments to all statewide elected officials is \$36,813 in FY 2022 and an additional \$37,733 in FY 2023.

To the extent statewide elected officials are entitled to receive any mileage reimbursement, they shall receive the same reimbursement as State of Missouri employees.

APPENDIX G — SCHEDULE OF COMPENSATION

3) FOR JUDGES

The salary for judges shall continue to be calculated under the formula in effect on December 1, 2020. Any change in the salary under the formula shall be effective on July 1 and calculated on the basis of the federal judicial salaries in effect on the previous January 1.

To the extent judges are entitled to receive any mileage reimbursement, they shall receive the same reimbursement as State of Missouri employees.

C. ADDITIONAL RECOMMENDATIONS

The members of the Commission noted that there was very little time for analysis of salary information from the public and private sectors, and correspondingly, limited time for public notice of the Commission's meetings. The Commission makes the following recommendations:

- Several more months for the Commission to hold meetings before the report's due date;
- More advance notice and more overall publication of the public meetings. Specifically, the Office of Administration should utilize the State's social media accounts, including Facebook, Twitter, and Snapchat to publicize the meetings several weeks in advance.
- Additional on-the-record public meetings should be held in locations sufficient to provide all citizens of the state an opportunity to fully participate.

D. CONCLUSION

The members of the Commission had the opportunity to review the 2016 report of the previous commission and quickly understood the daunting task at hand. Without regard to the political affiliations of any current legislative or executive office holder, the Commission respectfully examined the extensive management responsibilities for state operations relative to these full time positions compared to other major private and public leadership positions. The commission determined that these positions are substantially underpaid for such major responsibilities.

Additionally, the Commission determined that although the legislator position may appear to be a part-time role in a citizens' legislature, the time required for the person elected to one of these positions is most often a full-time responsibility. The position entails more than just a January to mid-May, Monday through Thursday schedule. Constituents expect and need their legislators available for comments, concerns, and assistance year-round.

The Commission accepted the comparative salary information, the constitutional duties for the elected positions, and other relevant data requested and provided in its consideration of appropriate compensation. We noted that the statewide elected officials and legislators have foregone raises for the past thirteen years. This information provided the basis for the analysis of the salary gaps existing between Missouri public servants and other states' public servants and private entities. The Commission believes compensation provides opportunities for a broad demographic of individuals in early, mid, senior or retired career situations for service in these elected positions. Therefore, we feel it is important to begin a process of compensating these individuals as appropriate for their services. This is the first step toward resolving such inequities.

Future commissions would also benefit from formal testimony or communication from each of the state's constitutional officers, from a representative of the state's judiciary, and from the leadership from both houses of the General Assembly. Information from these officers will provide the Commission with a deeper understanding of their view of these issues. Although their testimony would in no way bind the deliberations of the Commission, their perspectives would serve to better inform the Commission.

This Commission met six times, including four public hearings, one discussion meeting and a working session and final report approval meeting. The meeting information is referenced in Section E of this report, which also includes a list of the Commission members.

APPENDIX G — SCHEDULE OF COMPENSATION

We hope that this report is given appropriate consideration to achieve a fair and equitable compensation for our Missouri leaders, with the expectation that it will encourage and allow even more Missouri citizens to consider a public servant role.

E. MEETING INFORMATION AND COMMISSION MEMBERSHIP

2018 — SCR 36. Relating to Shingles Awareness and Prevention Month in Missouri.

Whereas, herpes zoster (shingles) is a disease caused by the same virus (zoster) that causes chickenpox; therefore, any individual who has contracted chickenpox is at risk for shingles, corresponding to approximately ninety-eight percent of U.S. adults; and

Whereas, nearly one in three people in the United States will contract shingles in their lifetime, corresponding to an estimated one million people annually; and

Whereas, the risk of shingles increases with age, with nearly half of those affected being over sixty years old and half of people living until eighty-five years old developing shingles; and

Whereas, shingles is a viral infection that causes a painful rash that can be severe, along with other symptoms, including long-term nerve pain, fever, headache, chills, upset stomach, muscle weakness, skin infection, scarring, and a decrease or loss of vision or hearing; and

Whereas, as many as twenty percent of adults who have contracted shingles will develop postherpetic neuralgia, a debilitating complication of shingles that causes severe pain and that may interfere with sleep and recreational activities and be associated with clinical depression; and

Whereas, vaccines have reduced the burden of widespread and often fatal diseases, enabling individuals to lead longer and healthier lives while reducing health care costs; and

Whereas, much attention has been paid to the importance of childhood vaccinations, but there is a general lack of awareness of adult-recommended vaccines and a misperception that immunizations are unnecessary for healthy adults; and

Whereas, the United States Centers for Disease Control and Prevention (CDC) and the Advisory Committee on Immunization Practices (ACIP) recommend that healthy adults fifty years and older be vaccinated against shingles to prevent shingles and shingles-related complications; and

APPENDIX H

Concurrent Resolutions Having Force and Effect of Law

Whereas, despite the recommendations of CDC officials and other experts that all healthy adults be vaccinated against shingles, as of 2015 only thirty percent of eligible adults had received the shingles vaccine; and

Whereas, the annual economic burden of shingles in American adults is estimated to be between \$782 million and \$5 billion; and

Whereas, the Institute of Medicine has stated that one of the six causes of excess costs in the U.S. health care system is missed prevention opportunities; and

Whereas, millions of American adults go without routine and recommended vaccinations because medical systems are not designed to ensure that adults receive regular preventive health care; and

Whereas, as the month of August is observed as National Immunization Awareness Month, residents of Missouri should be encouraged to speak with their health care provider to ensure that they have been properly vaccinated against shingles according to current CDC and ACIP recommendations:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby designate August as “Shingles Awareness and Prevention Month” in Missouri to increase public awareness of the importance of adults receiving vaccines against shingles and to promote outreach and education efforts concerning adult vaccinations; and

Be It Further Resolved that the Department of Health and Senior Services shall take appropriate action to promote Shingles Awareness and Prevention Month, including urging health care practitioners to discuss vaccines for shingles with adult patients and adopting appropriate programs and initiatives to raise public awareness of the importance of adult vaccinations; and

Be It Further Resolved that the Department of Health and Senior Services shall create and disseminate educational resources on shingles and shingles vaccinations to educate the residents of Missouri on vaccine-preventable diseases, including shingles; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to send a properly inscribed copy of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Whereas, Article V of the Constitution of the United States requires a Convention to be called by the Congress of the United States for the purpose of proposing an amendment to the Constitution upon application of two-thirds of the Legislatures of the several states; and

APPENDIX H

Concurrent Resolutions Having Force and Effect of Law

Whereas, the Legislature of the State of Missouri favors a proposal and ratification of an amendment to said Constitution, which shall set a limit on the number of terms that a person may be elected as a member of the United States House of Representatives and as a member of the United States Senate:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby make an application to Congress, as provided by Article V of the Constitution of the United States of America, to call a convention limited to proposing an amendment to the Constitution of the United States of America to set a limit on the number of terms that a person may be elected as a member of the United States House of Representatives and to set a limit on the number of terms that a person may be elected as a member of the United States Senate; and

Be It Further Resolved that this application shall be considered as covering the same subject matter as the applications from other states to Congress to call a convention to set a limit on the number of terms that a person may be elected to the House of Representatives of the Congress of the United States and the Senate of the United States; and this application shall be aggregated with same for the purpose of attaining the two-thirds of states necessary to require Congress to call a limited convention on this subject, but shall not be aggregated with any other applications on any other subject; and

Be It Further Resolved that this application shall expire five (5) years after the passage of this resolution; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the President and Secretary of the Senate of the United States and to the Speaker, Clerk, and Judiciary Committee Chairman of the House of Representatives of the Congress of the United States, and copies to each member of the Missouri Congressional delegation, and the presiding officers of each of the legislative houses in the several states, requesting their cooperation.

2018 — SCR 49. Relating to the election date for the referendum on Senate Substitute #2 for Senate Bill 19 as enacted by the Ninety-ninth General Assembly, First Regular Session.

Whereas, the voters of Missouri through the referendum process have ordered an election on the enactment of Senate Substitute #2 for Senate Bill 19; and

Whereas, Senate Substitute #2 for Senate Bill 19 provides that no person shall be required to pay dues to a union without his or her affirmative consent; and

Whereas, there is substantial need for the protection of a person's right to support or refrain from supporting a union; and

Whereas, the Constitution of Missouri provides in Article III, Section 52(b) in part "...all elections on measures referred to the people shall be had at the general state elections, except when the General Assembly shall order a special election...":

APPENDIX H

Concurrent Resolutions Having Force and Effect of Law

Now Therefore Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, that the referendum on Senate Substitute #2 for Senate Bill 19 of the Ninety-ninth General Assembly, First Regular Session, officially entitled on the ballot as an act "which prohibits as a condition of employment the forced membership in a labor organization (union) or forced payments of dues in full or pro-rata (fair-share); makes any activity which violates employees' rights illegal and ineffective; allows legal remedies for anyone injured as a result of another person violating or threatening to violate employees' rights; and which shall not apply to union agreements entered into before the effective date of Senate Bill 19" be submitted to the voters of Missouri at a statewide election to be held on August 7, 2018; and

Be It Further Resolved that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

2019 — SCR 2. Relating to the replacement of a Statue in the Statuary Hall of the Capitol of the United States.

Whereas, 40 U.S.C. Section 187 permits a state to ask the Joint Committee on the Library of Congress for replacement of a statue it provided for display in the National Statuary Hall in the Capitol of the United States after the passage of the required display time period specified in 40 U.S.C. Section 187a; and

Whereas, that request must be made by a resolution adopted by the legislature of the state and approved by the Governor; and

Whereas, in 1895, the Missouri General Assembly authorized placement of statues of Thomas Hart Benton and Francis Preston Blair in Statuary Hall, which statues were placed there in 1899; and

Whereas, Thomas Hart Benton was a five-term United States Senator from Missouri and was an architect and champion of westward expansion by the United States; and

Whereas, Harry S Truman was the most important statesman Missouri ever gave the nation, an outstanding county official, United States Senator, Vice President and President of the United States who brought the Second World War to completion, led the free world at the beginning of the Cold War, and stood for fairness and opportunity for all Americans:

Now Therefore Be It Resolved by the members of the Missouri Senate, One-hundredth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby request approval from the Joint Committee on the Library of Congress to replace the statue of Thomas Hart Benton with a statue of Harry S Truman as one of the two statues Missouri is entitled to display in the Statuary Hall of the United States Capitol; and

2019 — SCR 4. Relating to the designation of the Kansas City Chiefs as the official professional football team of the state of Missouri.

Whereas, the Kansas City Chiefs are Missouri's professional National Football League team; and

Whereas, Lamar Hunt was instrumental in the creation of the Kansas City Chiefs when he brought the franchise to Kansas City from Dallas, Texas in 1963, when the team was known as the Dallas Texans; and

Whereas, a fan contest determined the name "Chiefs" in honor of the nickname of Mayor Harold Roe Bartle, who persuaded Hunt to bring the team to Kansas City; and

Whereas, the Chiefs initially were a franchise in the American Football League, prior to its merger with the National Football League; and

Whereas, before merging with the National Football League, the Chiefs were the most successful team in AFL during the 1960s; and

Whereas, that success led to the Kansas City Chiefs being a part of the first Super Bowl, and the winning team in Super Bowl IV against the Minnesota Vikings; and

Whereas, over the years, the Kansas City Chiefs have had many successful seasons and many all-pro players; and

Whereas, the team and its players have been an important part of the city and state:

2021 — SCR 4. Relating to an application to Congress for the calling of an Article V convention of states to propose certain amendments to the United State Constitution which place limits on the federal government.

Whereas, the Founders of our Constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

Whereas, the federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

Whereas, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

Whereas, it is the solemn duty of the states to protect the liberty of our people - particularly for the generations to come - to propose amendments to the United States Constitution through a convention of states under Article V to place clear restraints on these and related abuses of power; and

Whereas, the Ninety-ninth General Assembly of Missouri, First Regular Session, adopted Senate Concurrent Resolution 4, which contained an application for an Article V Convention to propose constitutional amendments identical to those proposed in this resolution, but provided that the application would expire five years after the passage of Senate Concurrent Resolution 4:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, One Hundred First General Assembly, First Regular Session, the House of Representatives concurring therein, hereby apply to Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and members of Congress; and

Be It Further Resolved that the General Assembly adopts this application with the following understandings (as the term "understandings" is used within the context of "reservations, understandings, and declarations"):

 - (3) The power of Congress to "call" a convention solely consists of the authority to name a reasonable time and place for the initial meeting of the convention;
 - (4) Congress possesses no power whatsoever to name delegates to the convention, as this power remains exclusively within the authority of the legislatures of the several states;
 - (5) Congress possesses no power to set the number of delegates to be sent by any states;
 - (6) Congress possesses no power whatsoever to determine any rules for such convention;
 - (7) By definition, a Convention of States means that states vote on the basis of one state, one vote;
 - (8) A Convention of States convened pursuant to this application is limited to consideration of topics specified herein and no other;
 - (9) The General Assembly of Missouri may recall its delegates at any time for breach of their duties or violations of their instructions pursuant to the procedures adopted in this resolution;
 - (10) Pursuant to the text of Article V, Congress may determine whether proposed amendments shall be ratified by the legislatures of the several states or by special state ratification conventions. The General Assembly of Missouri recommends that Congress specify its choice on ratification methodology contemporaneously with the call for the convention;
 - (11) Congress possesses no power whatsoever with regard to the Article V convention beyond the two powers acknowledged herein;
 - (12) Missouri places express reliance on prior legal and judicial determinations that Congress possesses no power under Article I relative to the Article V process, and that Congress must act only as expressly specified in Article V; and
- Be It Further Resolved that this application hereby repeals, rescinds, cancels, renders null and void, and supercedes the application to the Congress of the United States for a convention under Article V of the Constitution of the United States by this state in Senate Concurrent Resolution No. 4 as adopted by the Ninety-ninth General Assembly, First Regular Session; and

Therefore, once a Record of Decision is issued, the North Central Missouri Regional Water Commission intends to secure a loan and grant package from the United States Department of Agriculture - Rural Development. The funding package will consolidate the North Central Missouri Regional Water Commission's debt and provide funding for construction of the reservoir. The North Central Missouri Regional Water Commission's funding package could total 48.5 million dollars with a thirty five year repayment schedule; and

Now, Therefore Be It Resolved, that the members of the Missouri Senate of the One Hundred First General Assembly, First Regular Session, the House of Representatives concurring therein, hereby support the funding of the North Central Missouri Regional Water Commission project by the state entering into a long-term commitment of money in the Multipurpose Water Resource Program Fund, subject to appropriations; provided that the total annual cost does not exceed 1.5 million dollars, and the total cost over the life of the contract does not exceed 24 million dollars; and

Be It Further Resolved that this resolution shall be approved or rejected by the Governor pursuant to the Missouri Constitution.

The provisions of this subsection shall apply to all revenue-producing enterprises which are eligible for the incentives set forth in this subsection, and which began operation after January 1, 1996, to the extent such incentives do not exceed the fifteen-year limitation set forth in subsection 1 of section 135.230, or the seven-year limit set forth in subsection 5 of section 135.230.

Tax credits and exemptions, maximum period granted — calculation formula — employee requirements, waived or reduced, when — motor carrier, tax credits, conditions — expansion of boundaries of enterprise zone — petition for additional period, qualifications. — 1. The exemption or credit established and allowed by section 135.220 and the credits allowed and established by subdivisions (1), (2), (3) and (4) of subsection 1 of section 135.225 shall be granted with respect to any new business facility located within an enterprise zone for a vested period not to exceed ten years following the date upon which the new business facility commences operation within the enterprise zone and such exemption shall be calculated, for each succeeding year of eligibility, in accordance with the formulas applied in the initial year in which the new business facility is certified as such, subject, however, to the limitation that all such credits allowed in sections 135.225 and 135.235 and the exemption allowed in section 135.220 shall be removed not later than fifteen years after the enterprise zone is designated as such. No credits shall be allowed pursuant to subdivision (1), (2), (3) or (4) of subsection 1 of section 135.225 or section 135.235 and no exemption shall be allowed pursuant to section 135.220 unless the number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds two or the new business facility is a revenue-producing enterprise as defined in paragraph (d) of subdivision (6) of section 135.200. In order to qualify for either the exemption pursuant to section 135.220 or the credit pursuant to subdivision (4) of subsection 1 of section 135.225, or both, it shall be required that at least thirty percent of new business facility employees, as determined by subsection 4 of section 135.110, meet the criteria established in section 135.240 or are residents of an enterprise zone or some combination thereof, except taxpayers who establish a new business facility by operating a revenue-producing enterprise as defined in paragraph (d) of subdivision (6) of section 135.200 or any taxpayer that is an insurance company that established a new business facility satisfying the requirements of subdivision (8) of section 135.100 located within an enterprise zone after June 30, 1993, and before December 31, 1994, and that employs in

excess of three hundred fifty new business facility employees at such facility each tax period for which the credits allowable pursuant to subdivisions (1) to (4) of subsection 1 of section 135.225 are claimed shall not be required to meet such requirement. A new business facility described as SIC 3751 shall be required to employ fifteen percent of such employees instead of the required thirty percent. For the purpose of satisfying the thirty-percent requirement, residents must have lived in the enterprise zone for a period of at least one full calendar month and must have been employed at the new business facility for at least one full calendar month, and persons qualifying because they meet the requirements of section 135.240 must have satisfied such requirement at the time they were employed by the new business facility and must have been employed at the new business facility for at least one full calendar month. The director may temporarily reduce or waive this requirement for any business in an enterprise zone with ten or less full-time employees, and for businesses with eleven to twenty full-time employees this requirement may be temporarily reduced. No reduction or waiver may be granted for more than one tax period and shall not be renewable. The exemptions allowed in sections 135.215 and 135.220 and the credits allowed in sections 135.225 and 135.235 and the refund established and authorized in section 135.245 shall not be allowed to any "public utility", as such term is defined in section 386.020. For the purposes of achieving the fifteen-percent employment requirement set forth in this subsection, a new business facility described as NAICS 336991 may count employees who were residents of the enterprise zone at the time they were employed by the new business facility and for at least ninety days thereafter, regardless of whether such employees continue to reside in the enterprise zone, so long as the employees remain employed by the new business facility and residents of the state of Missouri.

2. Notwithstanding the provisions of subsection 1 of this section, motor carriers, barge lines or railroads engaged in transporting property for hire or any interexchange telecommunications company that establish a new business facility shall be eligible to qualify for the exemptions allowed in sections 135.215 and 135.220, and the credits allowed in sections 135.225 and 135.235 and the refund established and authorized in section 135.245, except that trucks, truck-trailers, truck semitrailers, rail or barge vehicles or other rolling stock for hire, track, switches, bridges, barges, tunnels, rail yards and spurs shall not constitute new business facility investment nor shall truck drivers or rail or barge vehicle operators constitute new business facility employees.

3. Notwithstanding any other provision of sections 135.200 to 135.256 to the contrary, motor carriers establishing a new business facility on or after January 1, 1993, but before January 1, 1995, may qualify for the tax credits available pursuant to sections 135.225 and 135.235 and the exemption provided in section 135.220, even if such new business facility has not satisfied the employee criteria, provided that such taxpayer employs an average of at least two hundred persons at such facility, exclusive of truck drivers and provided that such taxpayer maintains an average investment of at least ten million dollars at such facility, exclusive of rolling stock, during the tax period for which such credits and exemption are being claimed.

4. Any governing authority having jurisdiction of an area that has been designated an enterprise zone may petition the department to expand the

boundaries of such existing enterprise zone. The director may approve such expansion if the director finds that:

- (1) The area to be expanded meets the requirements prescribed in section 135.207 or 135.210, whichever is applicable;
 - (2) The area to be expanded is contiguous to the existing enterprise zone; and
 - (3) The number of expansions do not exceed three after August 28, 1994.
5. Notwithstanding the fifteen-year limitation as prescribed in subsection 1 of this section, any governing authority having jurisdiction of an area that has been designated as an enterprise zone by the director, except one designated pursuant to this subsection, may file a petition, as prescribed by the director, for redesignation of such area for an additional period not to exceed seven years following the fifteenth anniversary of the enterprise zone's initial designation date; provided:
- (1) The petition is filed with the director within three years prior to the date the tax credits authorized in sections 135.225 and 135.235 and the exemption allowed in section 135.220 are required to be removed pursuant to subsection 1 of this section;
 - (2) The governing authority identifies and conforms the boundaries of the area to be designated a new enterprise zone to the political boundaries established by the latest decennial census, unless otherwise approved by the director;
 - (3) The area satisfies the requirements prescribed in subdivisions (3) and (4) of section 135.205 according to the United States Census Bureau's American Community Survey, based on the most recent of five-year period estimate data in which the final year of the estimate ends in either zero or five or other appropriate source as approved by the director;
 - (4) The governing authority satisfies the requirements prescribed in sections 135.210, 135.215 and 135.255;
 - (5) The director finds that the area is unlikely to support reasonable tax assessment or to experience reasonable economic growth without such designation; and
 - (6) The director's recommendation that the area be designated as an enterprise zone is approved by the joint committee on economic development policy and planning, as otherwise required in subsection 3* of section 135.210.

6. Any taxpayer having established a new business facility in an enterprise zone except one designated pursuant to subsection 5 of this section, who did not earn the tax credits authorized in sections 135.225 and 135.235 and the exemption allowed in section 135.220 for the full ten-year period because of the fifteen-year limitation as prescribed in subsection 1 of this section, shall be granted such benefits for ten tax years, less the number of tax years the benefits were claimed or could have been claimed prior to the expiration of the original fifteen-year period, except that such tax benefits shall not be earned for more than seven tax periods during the ensuing seven-year period, provided the taxpayer continues to operate the new business facility in an area that is designated an enterprise zone pursuant to subsection 5 of this section. Any taxpayer who establishes a new business facility subsequent to the commencement of the ensuing seven-year period, as authorized in subsection 5 of this section, may qualify for the tax credits authorized in sections 135.225 and 135.235, and the exemptions authorized in sections 135.215 and 135.220, pursuant to the same terms and conditions as

APPENDIX K

prescribed in sections 135.100 to 135.256. The designation of any enterprise zone pursuant to subsection 5 of this section shall not be subject to the fifty enterprise zone limitation imposed in subsection 3** of section 135.210.

135.245. Income tax refund limited to taxpayer establishing new facility in enterprise zone — refund if tax credits earned exceed tax liability, when, limitations. —

1. Notwithstanding any other provision of Missouri law, some portion of the tax credits earned by a newly established new business facility within an enterprise zone through the provisions of sections 135.200 to 135.256, except one designated pursuant to subsection 5 of section 135.230, which exceeds its total income tax liability shall be considered an overpayment of the income tax and shall be refunded to the taxpayer as provided by this section, except that such refund shall only apply to taxpayers subject to the tax imposed pursuant to chapter 143. The refund allowed by this section shall be limited to taxpayers who establish new facilities in enterprise zones. The refund shall not be allowed to a taxpayer who establishes a new business facility because it qualifies as a separate facility pursuant to subsection 6 of section 135.110 or subdivision (7) of subsection 1 of section 135.225 or because it satisfies the requirements of paragraph (c) of subdivision (5)* of section 135.100 or subdivision (11)* of section 135.100. The provisions of this section shall have effect on all initial applications filed on or after August 28, 1992. The provisions of this section shall only be available to a taxpayer for the first two consecutive years during which the taxpayer is eligible for the credits provided by sections 135.200 to 135.256, and the portion of tax credit which is considered an overpayment of the income tax shall be limited to fifty percent or fifty thousand dollars, whichever is less, in the first year and twenty-five percent or twenty-five thousand dollars, whichever is less, in the second year in which the taxpayer is eligible. The overpayment of the income tax for the first year shall not be refunded to the taxpayer until the third taxable year of operation by the new business facility and the overpayment of the income tax for the second year shall not be refunded to the taxpayer until the fourth taxable year of operation by the new business facility.

2. The portion of tax credit which is considered an overpayment of the income tax by any taxpayer who establishes a new business facility in an enterprise zone designated pursuant to subsection 5 of section 135.230 shall be limited to twenty-five percent or twenty-five thousand dollars, whichever is less, in the first year of the ensuing seven-year period. Such overpayment of tax shall not be refunded to the taxpayer until the third taxable year of operation by the new business facility.

3. Such refunds to the taxpayer shall be made as otherwise provided by law. In the case of a small corporation described in section 143.471 or a partnership, all

refunds allowed by this section shall be apportioned in proportion to the share of ownership of the business on the last day of the taxpayer's tax period for which such tax credits are being claimed, to the following:

- (1) The shareholders of the corporation described in section 143.471; or
- (2) The partners in a partnership.

***137.073. Definitions — revision of prior levy, when, procedure — calculation of state aid for public schools, taxing authority's duties.** — 1. As used in this section, the following terms mean:

- (1) **"General reassessment"**, changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;
- (2) **"Tax rate", "rate", or "rate of levy"**, singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;
- (3) **"Tax rate ceiling"**, a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;
- (4) **"Tax revenue"**, when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property

APPENDIX K

which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67 shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505 and section 164.013 or as excess home dock city or county fees as provided in subsection 4 of section 313.820 in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Any political subdivision that has received approval from voters for a tax increase after August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue as the amount of revenue that would have been derived by applying the voter-approved increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax

APPENDIX K
SECTIONS CONTAINING EDITORIAL CHANGES

revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in Section 22 of Article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. For school districts that levy separate tax rates on each subclass of real property and personal property in the aggregate, if voters approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied to the different subclasses of real property and personal property in the aggregate, or increases the separate rates that may be levied on the different subclasses of real property and personal property in the aggregate by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011,

APPENDIX K

SECTIONS CONTAINING EDITORIAL CHANGES

substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and Section 22 of Article X of the Constitution of Missouri, the term improvements shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, sections 135.200 to 135.255, and section 353.110 shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any

APPENDIX K

opt-out implemented pursuant to subsection 14** of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and Section 22, Article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and Section 22 of Article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and Section 22 of Article X of the Missouri Constitution, the term **"property"** means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or Section 22 of Article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and Section 22 of Article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505 and section 164.013. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of Section 10(c) of Article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to Section 22 of Article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with Section 22 of Article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505 and section 164.013 shall be applied to the tax rate as established pursuant to this section and Section 22 of Article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of

APPENDIX K

SECTIONS CONTAINING EDITORIAL CHANGES

increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision (4) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

(4) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or

subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151 and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to

the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

(3) In the event that the taxing authority incorrectly completes the forms created and promulgated under subdivision (2) of this subsection, or makes a clerical error, the taxing authority may submit amended forms with an explanation for the needed changes. If such amended forms are filed under regulations prescribed by the state auditor, the state auditor shall take into consideration such amended forms for the purposes of this subsection.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031 or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The

township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

The board may delegate to duly appointed representatives of financial institutions authority to act in place of the board in the investment and reinvestment of all or part of the moneys and may also delegate to such representatives the authority to act in place of the board in the holding, purchasing, selling, assigning, transferring, or disposing of any or all of the investments in which such moneys shall have been invested, as well as the proceeds of such investments and such moneys, however, such investments shall be limited to certificates of deposit and other deposits in federally insured depository institutions. Such representatives shall be registered as qualified student deposit advisors on Section 529 plans with the board and such board shall, by rule, develop and administer qualification tests from time to time to provide representatives the opportunity to qualify for this program. In exercising or delegating its investment powers and authority, members of the board shall exercise ordinary business care and prudence under the facts and circumstances prevailing at the time of the action or decision. No member of the board shall be liable for any action taken or omitted with respect to the exercise of, or delegation of, these powers and authority if such member shall have discharged the duties of his or her position in good faith and with that degree of diligence, care, and skill which a prudent person acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims.

Any board member, employee, or agent of the deposit program accepting any gratuity or compensation for the purpose of influencing such board member's, employee's, or agent's action with respect to choice of intermediary, including any financial institution, entity, or clearinghouse, for the funds of the deposit program shall thereby forfeit the office and in addition thereto be subject to the penalties prescribed for bribery. However, a board member who is regularly employed directly or indirectly by a financial institution may state that institution's interest and absent himself or herself from voting.

A depository institution that originates the deposit as agent for the board and participates in the program shall receive back and continue to hold the certificate of deposit or other deposit, provided such depository institution continues to comply with requirements and regulations prescribed by the board. Such deposit and certificate of deposit shall be titled in the name of the clearing entity for the benefit of the participant, and shall be insured as permitted by any agency of the federal government that insures deposits in depository institutions. Any depository institution or intermediary that fails to comply with these provisions shall forfeit its right to participate in this program; provided however, the board shall be the sole and exclusive judge of compliance except as otherwise provided by provisions in Section 529 of the Internal Revenue Code and the Internal Revenue Service enforcement of such section.

(2) Recommending to the governing board of any institution of higher education in the state the development, consolidation, or elimination of programs, degree offerings, physical facilities or policy changes where that action is deemed by the coordinating board as in the best interests of the institutions themselves and/or the general requirements of the state. (5) Coordinating reciprocal agreements between or among Missouri state institutions of higher education at the request of one or more of the institutions party to the agreement, and between or among Missouri state institutions of higher education and publicly supported higher education institutions located outside the state of Missouri at the request of any Missouri institution party to the agreement;

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void;

colleges, a review every five years of the mission statements of the institutions comprising Missouri's system of public higher education. This review shall be based upon the needs of the citizens of the state as well as the requirements of business, industry, the professions and government. The purpose of this review shall be to ensure that Missouri's system of higher education is responsive to the state's needs and is focused, balanced, cost-effective, and characterized by programs of high quality as demonstrated by student performance and program outcomes. As a component of this review, each institution shall prepare, in a manner prescribed by the coordinating board, a mission implementation plan for the coordinating board's consideration and approval. If the coordinating board determines that an institution has qualified for a mission change or additional targeted resources pursuant to review conducted under this subdivision and subdivision (9) of this subsection, the coordinating board shall submit a report to the general assembly that outlines the proposed mission change or targeted state resources. No change of mission for an institution under this subdivision establishing a statewide mission shall become effective until the general assembly approves the proposed mission change by concurrent resolution, except for the institution defined pursuant to subdivision (1) of section 174.010, and has been approved by the coordinating board and the institutions for which the coordinating board has recommended a statewide mission prior to August 28, 1995. The effective date of any mission change under this subdivision shall be the first day of July immediately following the approval of the concurrent resolution by the general assembly as required under this subdivision, and shall be August 28, 1995, for any institution for which the coordinating board has recommended a statewide mission which has not yet been implemented on such date. Nothing in this subdivision shall preclude an institution from initiating a request to the coordinating board for a revision of its mission; and

(9) Reviewing applications from institutions seeking a statewide mission. Such institutions shall provide evidence to the coordinating board that they have the capacity to discharge successfully such a mission. Such evidence shall consist of the following:

(a) That the institution enrolls a representative cross-section of Missouri students. Examples of evidence for meeting this requirement which the institution may present include, but are not limited to, the following: enrolling at least forty percent of its Missouri resident, first-time degree-seeking freshmen from outside its historic statutory service region; enrolling its Missouri undergraduate students from at least eighty percent of all Missouri counties; or enrolling one or more groups of special population students such as minorities, economically disadvantaged, or physically disadvantaged from outside its historic statutory service region at rates exceeding state averages of such populations enrolled in the higher educational institutions of this state;

(b) That the institution offers one or more programs of unusual strength which respond to a specific statewide need. Examples of evidence of meeting this requirement which the institution may present include, but are not limited to, the following: receipt of national, discipline-specific accreditation when available; receipt of independent certification for meeting national or state standards or requirements when discipline-specific accreditation is not available; for

occupationally specific programs, placement rates significantly higher than average; for programs for which state or national licensure is required or for which state or national licensure or registration is available on a voluntary basis, licensure or registration rates for graduates seeking such recognition significantly higher than average; or quality of program faculty as measured by the percentage holding terminal degrees, the percentage writing publications in professional journals or other appropriate media, and the percentage securing competitively awarded research grants which are higher than average;

(c) That the institution has a clearly articulated admission standard consistent with the provisions of subdivision (6)* of subsection 2 of section 173.005 or section 174.130;

(d) That the institution is characterized by a focused academic environment which identifies specific but limited areas of academic emphasis at the undergraduate, and if appropriate, at the graduate and professional school levels, including the identification of programs to be continued, reduced, terminated or targeted for excellence. The institution shall, consistent with its focused academic environment, also have the demonstrable capacity to provide significant public service or research support that address statewide needs for constituencies beyond its historic statutory service region; and

(e) That the institution has adopted and maintains a program of continuous quality improvement, or the equivalent of such a program, and reports annually appropriate and verifiable measures of institutional accountability related to such program. Such measures shall include, but not be limited to, indicators of student achievement and institutional mission attainment such as percentage of students meeting institutional admission standards; success of remediation programs, if offered; student retention rate; student graduation rate; objective measures of student, alumni, and employer satisfaction; objective measures of student learning in general education and the major, including written and oral communication skills and critical thinking skills; percentage of students attending graduate or professional schools; student placement, licensure and professional registration rates when appropriate to a program's objectives; objective measures of successful attainment of statewide goals as may be expressed from time to time by the coordinating board or by the general assembly; and objective measures of faculty teaching effectiveness. In the development and evaluation of these institutional accountability reports, the coordinating board and institutions are expected to use multiple measures of success, including nationally developed and verified as well as locally developed and independently verified assessment instruments; however, preference shall be given to nationally developed instruments when they are available and if they are appropriate. Institutions which serve or seek to serve a statewide mission shall be judged to have met the prerequisites for such a mission when they demonstrate to the coordinating board that they have met the criteria described in this subdivision. As a component of this process, each institution shall prepare, in a manner prescribed by the coordinating board, a mission implementation plan for the coordinating board's consideration and approval.

— 1. For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150 and sections 135.200 to 135.257. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. The city, or county if the eligible project is not located in a city, must provide ad valorem tax abatement of at least fifty percent for a period not less than ten years and not more than twenty-five years;

(2) For receipt of the income tax exemption pursuant to section 135.220 and tax credit for new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225 are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred

dollars per year for each person who is a person difficult to employ as defined by section 135.240, and investment tax credits at the same amounts and levels as provided in subdivision (4) of subsection 1 of section 135.225;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245 for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, **"taxpayer"** means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471 who operates an eligible project. The director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. **"New job"** means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. **"Full-time basis"** means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, "related taxpayer" has the same meaning as defined in subdivision (10)* of section 135.100;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. **"Retained job"** means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. **"Full-time basis"** means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax

credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, **"new qualified investment"** means new business facility investment as defined and as determined in subdivision (8)* of section 135.100 which is used at and in connection with the eligible project. New qualified investment shall not include small tools, supplies and inventory. **"Small tools"** means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the

APPENDIX K

taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked if the eligible project fails to continue to meet the conditions set forth in this section. In making

APPENDIX K

such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 and 5 of section 135.250. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or
(2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section may apply, shall be determined in the same manner as prescribed in subdivision (5)* of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (5)* of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first

Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471 or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

- (1) The shareholders of the corporation described in section 143.471;
- (2) The partners of the partnership.

The credit provided in this subsection shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period.

12. Notwithstanding any provision of law to the contrary, in any county of the first classification that has a charter form of government and that has a population of over nine hundred thousand inhabitants, all demolition costs incurred during the redevelopment of any former automobile manufacturing plant shall be allowable

The amount of allowable costs eligible for tax credits shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development, provided that no tax credit shall be issued under this subsection until July 1, 2017. For purposes of this subsection, **"former automobile manufacturing plant"** means a redevelopment area that qualifies as an eligible project under section 447.700, that consists of at least one hundred acres, and that was used primarily for the manufacture of automobiles but, after 2007, ceased such manufacturing.

**LEGISLATIVE AMENDMENTS
TO SUPREME COURT RULES AS TRULY
AGREED TO AND FINALLY PASSED
BY SENATE BILL NO. 224, 2019**

**RULE 25.03. MISDEMEANORS OR FELONIES DISCLOSURE BY
STATE TO DEFENDANT WITHOUT COURT ORDER**

(a) Disclosure upon filing of felony complaint. Except as otherwise provided in these Rules, the state shall, upon written request of defendant's counsel, disclose to defendant's counsel the following material and information in the possession of the prosecutor: any arrest reports, incident reports, investigative reports, written or recorded statements, documents, photographs, video, electronic communications and electronic data that relate to the offense for which defendant is charged.

(b) Disclosure after indictment or filing of information. Except as otherwise provided in these Rules, the state shall, upon written request of defendant's counsel, disclose to defendant's counsel the following material and information within its possession or control designated in the request:

(1) Any arrest reports, incident reports, investigative reports, written or recorded statements, documents, photographs, video, electronic communications and electronic data that relate to the offense for which defendant is charged; provided that, personal identifying information of persons named in such materials may be redacted at the discretion of the prosecutor;

(2) The names and last known addresses of persons whom the state intends to call as witnesses at any hearing or at the trial, together with their written or recorded statements, and existing memoranda, reporting or summarizing part or all of their oral statements;

(3) Any written or recorded statements and the substance of any oral statements made by defendant, a co-defendant or a co-actor, a list of all witnesses to the making of the statements and a list of all witnesses to the acknowledgment of the statements including the last known addresses of the witnesses;

(4) Those portions of any existing transcript of grand jury proceedings that relate to the offense with which defendant is charged, containing testimony of defendant and testimony of persons whom the state intends to call as witnesses at a hearing or trial;

(5) Any existing transcript of the preliminary hearing and of any prior trial held in defendant's case if the state has the transcript in its possession;

(6) Any reports or statements of experts made in connection with the particular case, including results of physical or mental examinations and of scientific tests, experiments, or comparisons;

(7) Any books, papers, documents, photographs, video, electronic communications, electronic data, or objects that the state intends to introduce into

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

evidence at the hearing or trial or that were obtained from or belong to defendant; provided that, personal identifying information of any person named in such materials, other than those obtained from the defendant, may be redacted at the discretion of the prosecutor;

(8) Any record of prior criminal convictions of persons the state intends to call as witnesses at a hearing or the trial; and

(9) Any photographic or electronic surveillance (including wiretapping) of defendant or of conversations to which defendant was a party or of defendant's premises, relating to the offense charged. This disclosure shall be in the form of a written statement by counsel for the state briefly setting out the facts pertaining to the time, place, and persons making the photographic or electronic surveillance.

(c) The request provided for by this Rule shall be made by filing the request in the court where the case is pending and serving a copy of the request upon counsel for the state.

(d) The state may redact from any document it provides to defendant's counsel any personal identifying information of witnesses or other persons named in any document but must do so in a manner that makes it clear that the information has been redacted.

(e) The state may elect to provide a separate copy of a redacted document to defendant's counsel to be delivered to defendant and designated as "Defendant's Copy." If the state provides a redacted document designated as "Defendant's Copy," in addition to the information permitted to be redacted pursuant to Rule 25.03(d), the state may also redact from "Defendant's Copy" of the document the following information: date of birth, home address, work address, and personal phone number and work phone number of a victim or witness. However, the redaction must be done in a manner that makes it clear the information has been redacted from the document. Defendant's counsel shall be provided a separate document designated as "Lawyer Copy Only – Not for Defendant" that includes the information that has been redacted from the document pursuant to Rule 25.03(e). If defendant's counsel is provided with a redacted document by the state designated as "Defendant's Copy," only that copy shall be provided to defendant. Defendant's counsel shall not provide to defendant the unredacted document or any information redacted from the document pursuant to this Rule without court approval. For any document designated "Defendant's Copy" or "Lawyer Copy Only – Not for Defendant," every page of the respective document shall be so designated.

(f) Defendant is not entitled to the information redacted from a document as provided in Rule 25.03(d) or (e) unless the court determines after a showing of good cause that the disclosure of the information is necessary for the defense of the case.

(g) The state shall, without written request, disclose to defendant any material or information that tends to negate the guilt of defendant for the charged offense, mitigate the degree of the offense charged, reduce the punishment of the offense charged, and any additional material or information that would be required to be disclosed to comply with *Brady v. Maryland*, 373 U.S. 83 (1963), *Giglio v. United States*, 405 U.S. 150 (1972) and their progeny.

(h) If material or information would be discoverable under subsections (b) and (g) of this Rule if in the possession or control of the state, but is in possession

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

or control of other governmental personnel, the state shall use diligence and make good faith efforts to make the material or information available to defendant. If the state's efforts are unsuccessful and the material or information or other governmental personnel are subject to the jurisdiction of the court, the court, upon request, shall issue subpoenas or orders to cause the material or information to be made available to the state for disclosure to the defense.

RULE 56.01. GENERAL PROVISIONS GOVERNING DISCOVERY

(a) Discovery Methods. Parties may obtain discovery by one or more of the following methods: depositions upon oral examination or written questions; written interrogatories; production of documents, electronically stored information, or things or permission to enter upon land or other property, for inspection and other purposes; physical and mental examinations; and requests for admission.

(b) Scope of Discovery. Unless otherwise limited by order of the court in accordance with these rules, the scope of discovery is as follows:

(1) In General. Parties may obtain discovery regarding any matter, not privileged, that is relevant to the subject matter involved in the pending action, whether it relates to the claim or defense of the party seeking discovery or to the claim or defense of any other party, including the existence, description, nature, custody, condition and location of any books, documents or other tangible things and the identity and location of persons having knowledge of any discoverable matter, provided the discovery is proportional to the needs of the case considering the totality of the circumstances, including but not limited to, the importance of the issues at stake in the action, the amount in controversy, the parties' relative access to relevant information, the parties' resources, the importance of the discovery in resolving the issues, and whether the burden or expenses of the proposed discovery outweighs its likely benefit.

Information within the scope of discovery need not be admissible in evidence to be discoverable if the information sought appears reasonably calculated to lead to the discovery of admissible evidence.

The party seeking discovery shall bear the burden of establishing relevance.

(2) Limitations. Upon the motion of any party or on its own, the court must limit the frequency or extent of discovery if it determines that:

(A) The discovery sought is cumulative or duplicative, or can be obtained from some other source that is more convenient, less burdensome, or less expensive;

(B) The party seeking discovery has had ample opportunity to obtain the information by discovery in the action; or

(C) The proposed discovery is outside the scope permitted by this Rule 56.01(b)(1).

(3) Specific Limitations on Electronically Stored Information. A party need not provide discovery of electronically stored information from sources that the party

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or for a protective order, the party from whom discovery is sought must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 56.01(b)(2). The court may specify conditions for the discovery.

(4) Insurance Agreements. A party may obtain discovery of the existence and contents, including production of the policy and declaration page, of any insurance agreement under which any person carrying on an insurance business may be liable to satisfy part or all of a judgment that may be entered in the action or to indemnify or reimburse for payments made to satisfy the judgment. Information concerning the insurance agreement is not by reason of disclosure admissible in evidence at trial. For purposes of this Rule 56.01(b)(4), an application for insurance shall not be treated as part of an insurance agreement.

(5) Trial Preparation: Materials. Subject to the provisions of Rule 56.01(b)(6), a party may obtain discovery of documents and tangible things otherwise discoverable under Rule 56.01(b)(1) and prepared in anticipation of litigation or for trial by or for another party or by or for that other party's representative, including an attorney, consultant, surety, indemnitor, insurer, or agent, only upon a showing that the party seeking discovery has substantial need of the materials in the preparation of the case and that the adverse party is unable without undue hardship to obtain the substantial equivalent of the materials by other means. In ordering discovery of such materials when the required showing has been made, the court shall protect against disclosure of the mental impressions, conclusions, opinions, or legal theories of an attorney or other representative of a party concerning the litigation.

A party may obtain without the required showing a statement concerning the action or its subject matter previously made by that party. For purposes of this paragraph, a statement previously made is: (a) a written statement signed or otherwise adopted or approved by the person making it, or (b) a stenographic, mechanical, electrical, audio, video, motion picture or other recording, or a transcription thereof, of the party or of a statement made by the party and contemporaneously recorded.

(6) Trial Preparation: Experts. Discovery of facts known and opinions held by experts, otherwise discoverable under the provisions of Rule 56.01(b)(1) and acquired or developed in anticipation of litigation or for trial, may be obtained only as follows:

(A) A party may through interrogatories require any other party to identify each person whom the other party expects to call as an expert witness at trial by providing such expert's name, address, occupation, place of employment and qualifications to give an opinion, or if such information is available on the expert's curriculum vitae, such curriculum vitae may be attached to the interrogatory answers as a full response to such interrogatory, and to state the general nature of the subject matter on which the expert is expected to testify, and the expert's hourly deposition fee.

(B) A party may discover by deposition the facts and opinions to which the expert is expected to testify. Unless manifest injustice would result, the court shall

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

require that the party seeking discovery from an expert pay the expert a reasonable hourly fee for the time such expert is deposed.

(7) Trial Preparations: Non-retained Experts. A party, through interrogatories, may require any other party to identify each non-retained expert witness, including a party, whom the other party expects to call at trial who may provide expert witness opinion testimony by providing the expert's name, address, and field of expertise. For the purpose of this Rule 56.01(b)(7), an expert witness is a witness qualified as an expert by knowledge, experience, training, or education giving testimony relative to scientific, technical or other specialized knowledge that will assist the trier of fact to understand the evidence. Discovery of the facts known and opinions held by such an expert shall be discoverable in the same manner as for lay witnesses.

(8) Approved Interrogatories and Request for Production. A circuit court by local court rule may promulgate "approved" interrogatories and requests for production for use in specified types of litigation. Each such approved interrogatory and request for production submitted to a party shall be denominated as having been approved by reference to the local court rule and paragraph number containing the interrogatory or request for production.

(9) Claiming Privilege or Protecting Trial Preparation Materials.

(A) Information produced.

(i) If information produced in discovery is subject to a claim of privilege or of protection as trial preparation material, the party making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has; must not use or disclose the information until the claim is resolved; must take reasonable steps to retrieve the information if the party disclosed it before being notified; and may promptly present the information to the court under seal for a determination of the claim. The producing party must preserve the information until the claim is resolved.

(ii) An attorney who receives information that contains privileged communications involving an adverse or third party and who has reasonable cause to believe that the information was wrongfully obtained shall not read the information or, if he or she has begun to do so, shall stop reading it. The attorney shall promptly notify the attorney whose communications are contained in the information to return the information to the other lawyer and, if in electronic form, delete it and take reasonable measures to assure that the information is inaccessible. An attorney who has been notified about information containing privileged communications has the obligation to preserve the information.

(B) The production of privileged or work-product protected documents, electronically stored information or other information, whether inadvertent or otherwise, is not a waiver of the privilege or protection from discovery in the proceeding.

(c) Protective Orders. Upon motion by a party or by the person from whom discovery is sought, and for good cause shown, the court may make any order which justice requires to protect a party or person from annoyance,

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

embarrassment, oppression, or undue burden or expense, including one or more of the following:

- (1) that the discovery not be had;
- (2) that the discovery may be had only on specified terms and conditions, including a designation of the time or place or the allocation of expenses;
- (3) that the discovery may be had only by a method of discovery other than that selected by the party seeking discovery;
- (4) that certain matters not be inquired into, or that the scope of the discovery be limited to certain matters;
- (5) that discovery be conducted with no one present except persons designated by the court;
- (6) that a deposition after being sealed be opened only by order of the court;
- (7) that a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only in a designated way;
- (8) that the parties simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the court.

If a motion for a protective order is denied in whole or in part, the court may, on such terms and conditions as are just, order that any party or person provide or permit discovery. The provisions of Rule 61.01 apply to the award of expenses incurred in relation to the motion.

(d) Sequence and Timing of Discovery. Unless the parties stipulate or the court upon motion, for the convenience of parties and witnesses and in the interests of justice, orders otherwise, methods of discovery may be used in any sequence and the fact that a party is conducting discovery, whether by deposition or otherwise, shall not operate to delay any other party's discovery.

(e) Supplementation of Responses. A party is under a duty seasonably to amend a prior response to an interrogatory, request for production, or request for admission if the party learns that the response is in some material respect incomplete or incorrect and if the additional or corrective information has not otherwise been made known to the other parties during the discovery process or in writing.

(f) Stipulations Regarding Discovery Procedure. Unless the court orders otherwise, the parties may by written stipulation (1) provide that depositions may be taken before any person at any time or place, upon any notice, and in any manner and when so taken may be used like other depositions, and (2) modify the procedures provided by these Rules for other methods of discovery. Any stipulation under subdivision (2) shall be filed.

RULE 57.01. INTERROGATORIES TO PARTIES

(a) Scope. Unless otherwise stipulated or ordered by the court, any party may serve upon any other party no more than 25 written interrogatories, including all discrete subparts. Interrogatories may relate to any matter that can be inquired into under Rule 56.01. An interrogatory otherwise proper is not necessarily

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

objectionable merely because an answer to the interrogatory involves an opinion or contention that relates to fact or the application of law to fact, but the court may order that such an interrogatory need not be answered until after designated discovery has been completed or until a pretrial conference or other later time.

(b) Issuance.

(1) Form. Interrogatories shall be in consecutively numbered paragraphs. The title shall identify the party to whom they are directed and state the number of the set of interrogatories directed to that party.

(2) When Interrogatories May be Served. Without leave of court, interrogatories may be served on:

(A) A plaintiff after commencement of the action, and

(B) Any other party with or after the party was served with process, entered an appearance, or filed a pleading.

(3) Service. Copies of the interrogatories shall be served on all parties not in default. The party issuing the interrogatories shall also provide each answering party an electronic copy, in a commonly used medium such as a diskette, CD-ROM or as an e-mail attachment, in a format that can be read by most commonly used word processing programs, such as Word for Windows or WordPerfect 5.x or higher. In addition to the information normally in a certificate of service, the certificate of service shall also state:

(A) The name of each party who is to respond to the interrogatories;

(B) The number of the set of interrogatories,

(C) The format of the electronic copy and the medium used to transmit the electronic copy to the responding party.

At the time of service, a certificate of service, but not the interrogatories, shall be filed with the court as provided in Rule 57.01(d).

(c) Response. The interrogatories shall be answered by each party to whom they are directed. If they are directed to a public or private corporation, limited liability company, partnership, association or governmental agency, they shall be answered by an officer or agent. The party answering the interrogatories shall furnish such information as is available to the party.

(1) When the Response is Due. Responses shall be served within 30 days after the service of the interrogatories. A defendant, however, shall not be required to respond to interrogatories before the expiration of 45 days after the earlier of:

(A) The date the defendant enters an appearance, or

(B) The date the defendant is served with process.

The court may allow a shorter or longer time.

(2) Form. The title of the response shall identify the responding party and the number of the set of interrogatories. The response to the interrogatories shall quote each interrogatory, including its original paragraph number, and immediately thereunder state the answer or all reasons for not completely answering the interrogatory, including privileges, the work product doctrine and objections.

(3) Objections and Privileges. If information is withheld because of an objection, then each reason for the objection shall be stated. If a privilege or the work product doctrine is asserted as a reason for withholding information, then

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

without revealing the protected information, the objecting party shall state information that will permit others to assess the applicability of the privilege or work product doctrine.

(4) Option to Produce Business Records. If the answer to an interrogatory may be derived or ascertained from:

(A) The business records of the party upon whom the interrogatory has been served, or

(B) An examination, audit or inspection of such business records, or

(C) A compilation, abstract or summary based thereon, and the burden of deriving or ascertaining the answer is substantially the same for the party serving the interrogatory as for the party served, it is a sufficient answer to such interrogatory to specify the records from which the answer may be derived or ascertained and to afford to the party serving the interrogatory reasonable opportunity to examine, audit or inspect such records and to make copies, compilations, abstracts or summaries.

(5) Signing. Answers shall be signed under oath by the person making them. Objections shall be signed by the attorney making them or by the self-represented party.

(6) Service. The party to whom the interrogatories were directed shall serve a signed original of the answers and objections, if any, on the party that issued the interrogatories and a copy on all parties not in default. The certificate of service shall state the name of the party who issued the interrogatories and the number of the set of interrogatories.

At the time of service, a certificate of service, but not the response, shall be filed with the court as provided in Rule 57.01(d).

(d) Filing. Interrogatories and answers under this Rule 57.01 shall not be filed with the court except upon court order or contemporaneously with a motion placing the interrogatories in issue. However, both when the interrogatories and answers are served, the party serving them shall file with the court a certificate of service.

The certificate shall show the caption of the case, the name of the party served, the date and manner of service, the designation of the document, e.g., first interrogatories or answers to second interrogatories, and the signature of the serving party or attorney. The answers bearing the original signature of the party answering the interrogatories shall be served on the party submitting the interrogatories, who shall be the custodian thereof until the entire case is finally disposed.

Copies of interrogatory answers may be used in all court proceedings to the same extent the original answers may be used.

(e) Enforcement. The party submitting the interrogatory may move for an order under Rule 61.01(b) with respect to any objection to or other failure to answer an interrogatory.

(f) Use at Trial. Interrogatory answers may be used to the extent permitted by the rules of evidence.

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

RULE 57.03. DEPOSITIONS UPON ORAL EXAMINATION

(a) When Depositions May Be Taken.

(1) After commencement of the action, any party may take the testimony of any person, including a party, by deposition upon oral examination without leave of court, except as specified in paragraph (2) of this subdivision. The attendance of witnesses may be compelled by subpoena as provided in Rule 57.09.

(2) Leave of court, granted with or without notice, must be obtained only if:

(A) the parties have not stipulated to the deposition and:

(i) the deposition would result in more than 10 depositions being taken under this rule or Rule 57.04 by the plaintiffs, or by the defendants, or by the third-party defendants;

(ii) the deponent has already been deposed in the case; or

(iii) the plaintiff seeks to take a deposition prior to the expiration of 30 days after service of the summons and petition upon any defendant, except that leave is not required if a defendant has served a notice of taking deposition or otherwise sought discovery; or

(B) the deponent is confined in prison.

(b) Notice of Examination: General Requirements; Special Notice; Production of Documents and Things; Deposition of Organization.

(1) A party desiring to take the deposition of any person upon oral examination shall give not less than seven days notice in writing to every other party to the action and to a non-party deponent.

The notice shall state the time and place for taking the deposition and the name and address of each person to be examined, if known. If the name is not known, a general description sufficient to identify the person or the particular class or group to which the person belongs shall be stated.

If a subpoena duces tecum is to be served on the person to be examined, the designation of the materials to be produced as set forth in the subpoena shall be attached to or included in the notice.

A party may attend a deposition by telephone.

(2) The court may for cause shown enlarge or shorten the time for taking the deposition.

(3) The notice to a party deponent may be accompanied by a request made in compliance with Rule 58.01 for the production of documents and tangible things at the taking of the deposition. The procedure of Rule 58.01 shall apply to the request.

(4) A party may in the notice and in a subpoena name as the deponent a public or private corporation or a partnership or association or governmental agency and describe with reasonable particularity the matters on which examination is requested. In that event, the organization so named shall designate one or more officers, directors, or managing agents, or other persons who consent to testify on its behalf and may set forth, for each person designated, the matters on which the person will testify. A subpoena shall advise a nonparty organization of its duty to make such a designation. The persons so designated shall testify as to matters

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

known or reasonably available to the organization. This Rule 57.03(b)(4) does not preclude taking a deposition by any other procedure authorized in these rules.

(5) (A) Duration. Unless otherwise stipulated or ordered by the court, a deposition shall be limited to 1 day of 7 hours. The court may allow additional time consistent with Rule 56.01 if needed to fairly examine the deponent or if the deponent, another person, or any other circumstance impedes or delays the examination.

(B) Sanction. The court may impose an appropriate sanction, including the reasonable expenses and attorney's fees incurred by any party, on a person who impedes, delays, or frustrates the fair examination of the deponent.

(c) Non-stenographic Recording - Video Tape. Depositions may be recorded by the use of video tape or similar methods. The recording of the deposition by video tape shall be in addition to a usual recording and transcription method unless the parties otherwise agree.

(1) If the deposition is to be recorded by video tape, every notice or subpoena for the taking of the deposition shall state that it is to be video taped and shall state the name, address and employer of the recording technician. If a party upon whom notice for the taking of a deposition has been served desires to have the testimony additionally recorded by other than stenographic means, that party shall serve notice on the opposing party and the witness that the proceedings are to be video taped. Such notice must be served not less than three days prior to the date designated in the original notice for the taking of the depositions and shall state the name, address and employer of the recording technician.

(2) Where the deposition has been recorded only by video tape and if the witness and parties do not waive signature, a written transcription of the audio shall be prepared to be submitted to the witness for signature as provided in Rule 57.03(f).

(3) The witness being deposed shall be sworn as a witness on camera by an authorized person.

(4) More than one camera may be used, either in sequence or simultaneously.

(5) The attorney for the party requesting the video taping of the deposition shall take custody of and be responsible for the safeguarding of the video tape and shall, upon request, permit the viewing thereof by the opposing party and if requested, shall provide a copy of the video tape at the cost of the requesting party.

(6) Unless otherwise stipulated to by the parties, the expense of video taping is to be borne by the party utilizing it and shall not be taxed as costs.

(d) Record of Examination; Oath; Objections. The officer before whom the deposition is to be taken shall put the witness on oath or affirmation and shall personally, or by someone acting under the officer's direction and in the officer's presence, record the testimony of the witness. The testimony shall be taken stenographically or recorded by any other means ordered in accordance with Rule 57.03(c). If requested by one of the parties, the testimony shall be transcribed.

All objections made at the time of the examination to the qualifications of the officer taking the deposition, to the manner of taking it, to the evidence presented,

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

to the conduct of any party, or any other objection to the proceedings shall be noted by the officer upon the deposition. Evidence objected to shall be taken subject to the objections. In lieu of participating in the oral examination, parties may serve written questions in a sealed envelope on the party taking the deposition, and that party shall transmit them to the officer before whom the deposition is to be taken, who shall propound them to the witness, and the questions and answers thereto shall be recorded.

(e) Motion to Terminate or Limit Examination. At any time during the taking of the deposition, on motion of a party or of the deponent and upon a showing that the examination is being conducted in bad faith or in such manner as unreasonably to annoy, embarrass, or oppress the deponent or party, the court in which the action is pending or a court having general jurisdiction in the place where the deposition is being taken may order the officer conducting the examination to cease forthwith from taking the deposition, or may limit the scope and manner of the taking of the deposition as provided in Rule 56.01(c). If the order made terminates the examination, it shall be resumed thereafter only upon the order of the court in which the action is pending. Upon demand of the objecting party or deponent, the taking of the deposition shall be suspended for the time necessary to make a motion for an order. The provisions of Rule 61.01(g) apply to the award of expenses incurred in relation to the motion.

(f) Submission to Witness; Changes; Signing. When the testimony is fully transcribed, the officer shall make the deposition available to the witness for examination, reading and signing, unless such examination, reading, and signing are waived by the witness or by the parties. Any changes in form or substance that the witness desires to make shall be entered upon an errata sheet provided to the witness with a statement of the reasons given for making such changes. The answers or responses as originally given, together with the changes made and reasons given therefor, shall be considered as a part of the deposition. The deposition shall then be signed by the witness before a notary public unless the witness is ill, cannot be found, is dead, or refuses to sign. If the deposition is not signed by the time of trial, it may be used as if signed, unless, on a motion to suppress, the court holds that the reasons given for the refusal to sign requires rejection of the deposition in whole or in part.

(g) Certification, Delivery, and Filing; Exhibits; Copies.

(1) Certification and Delivery. The officer shall certify on the deposition that the witness was duly sworn by the officer and that the deposition is a true record of the testimony given by the witness. Upon payment of reasonable charges therefor, the officer shall deliver the deposition to the party who requested that the testimony be transcribed.

(2) Filing.

(a) By the Officer. Upon delivery of a deposition, the officer shall file with the court a certificate showing the caption of the case, the name of the deponent, the date the deposition was taken, the name and address of the person having custody of the original deposition, and whether the charges have been paid. The officer shall not file a copy of the deposition with the court except upon court order.

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

(b) By a Party. A party shall not file a deposition with the court except upon specific court order or contemporaneously with a motion placing the deposition or a part thereof in issue. The court may enact local court rules requiring a party who intends to use a deposition at a hearing or trial to file that deposition with the court on or prior to the date of the hearing or trial.

(c) Return of Deposition. At the conclusion of the hearing or trial the deposition that has been filed or delivered to the court shall be returned to the party that filed or delivered the deposition.

(d) Retention of Deposition. The original deposition shall be maintained until the case is finally disposed.

(3) Exhibits. Documents and things produced for inspection during the examination of the witness shall, upon the request of a party, be marked for identification and annexed to and returned with the deposition and may be inspected and copied by any party, except that (A) the person producing the materials may substitute copies to be marked for identification if the person affords to all parties fair opportunity to verify the copies by comparison with the originals and (B) if the person producing the materials requests their return, the officer shall mark them, give each party an opportunity to inspect and copy them, and return them to the person producing them, and the materials may then be used in the same manner as if annexed to and returned with the deposition. Any party may move for an order that the original be annexed to and returned with the deposition to the court pending final disposition of the civil action.

(4) Copies. Upon request and payment of reasonable charges therefor, the officer shall furnish a copy of the deposition to any party or to the deponent.

(h) Failure to Attend or to Serve Subpoena; Expenses.

(1) If the party giving the notice of the taking of a deposition fails to attend and proceed therewith and another party attends in person or by attorney pursuant to the notice, the court may order the party giving notice to pay to such other party the reasonable expenses incurred by that other party and that other party's attorney in attending, including reasonable attorney's fees.

(2) If a witness fails to appear for a deposition and the party giving the notice of the taking of the deposition has not complied with these rules to compel the attendance of the witness, the court may order the party giving the notice to pay to any party attending in person or by attorney the reasonable expenses incurred by that other party and that other party's attorney in attending, including reasonable attorney's fees.

RULE 57.04. DEPOSITIONS UPON WRITTEN QUESTIONS

(a) Serving Questions; Notice.

(1) After commencement of the action, any party may take the testimony of any person, including a party, by deposition upon written questions, without leave of court, except as specified in paragraph (2) of this subdivision. The attendance of witnesses may be compelled by the use of subpoena as provided in Rule 57.09.

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

- (2) Leave of court, granted with or without notice, must be obtained only if:
 - (A) the parties have not stipulated to the deposition and:
 - (i) the deposition would result in more than 10 depositions being taken under this rule or Rule 57.03 by the plaintiffs, or by the defendants, or by the third-party defendants;
 - (ii) the deponent has already been deposed in the case; or
 - (iii) the plaintiff seeks to take a deposition prior to the expiration of 30 days after service of the summons and petition upon any defendant, except that leave is not required if a defendant has served a notice of taking deposition or otherwise sought discovery; or
 - (B) the deponent is confined in prison.
- (3) A party desiring to take a deposition upon written questions shall serve them upon every other party with a notice stating: (A) the name and address of the person who is to answer them, if known, and if the name is not known, a general description sufficient to identify the person or the particular class or group to which the person belongs and (B) the name or descriptive title and address of the officer before whom the deposition is to be taken. A deposition upon written questions may be taken of a public or private corporation or a partnership or association or governmental agency in accordance with the provisions of Rule 57.03(b)(4).
- (4) Within thirty days after the notice and written questions are served, a party may serve cross questions upon all other parties. Within ten days after being served with cross questions, a party may serve redirect questions upon all other parties. Within ten days after being served with redirect questions, a party may serve recross questions upon all other parties. The court may for cause shown enlarge or shorten the time.
 - (b) Officer to Take Responses and Prepare Record. A copy of the notice and copies of all questions served shall be delivered by the party taking the deposition to the officer designated in the notice, who shall proceed promptly, in the manner provided by Rule 57.03(d), (f), and (g), to take the testimony of the witness in response to the questions and to prepare, certify, and deliver the deposition, attaching thereto the copy of the notice and the questions.
 - (c) Notice of Delivery. When the deposition is delivered, the party taking it promptly shall give notice thereof to all other parties.

RULE 58.01. PRODUCTION OF DOCUMENTS AND THINGS AND ENTRY UPON LAND FOR INSPECTION AND OTHER PURPOSES

- (a) Scope. Any party may serve on any other party a request to:
 - (1) Produce and permit the requesting party or its representative to inspect, copy, test or sample the following items in the responding party's possession, custody, or control:

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

(A) Any designated documents or electronically stored information including writings, drawings, graphs, charts, photographs, sound recordings, images, electronic records, and other data or compilations from which information can be obtained either directly or indirectly or, if necessary, after translation by the responding party into a reasonably usable form; or

(B) Any designated tangible things; or

(2) Permit entry upon designated land or other property in the possession or control of the party upon whom the request is served for the purpose of inspection and measuring, surveying, and photographing, testing, or sampling the property or any designated object or operation thereon, within the scope of Rule 56.01(b).

This Rule 58.01 does not preclude an independent action against a person not a party for production of documents and things and permission to enter upon land.

(b) Issuance.

(1) Form. In consecutively numbered paragraphs the request shall:

(A) Set forth with reasonable particularity each item or category of items to be inspected;

(B) Specify a reasonable time, place and manner of making the inspection and performing the related acts; and

(C) May specify that electronically stored information be produced in native format.

The title shall identify the party to whom the requests are directed and state the number of the set of requests directed to that party.

(2) When Requests May be Served. Without leave of court, requests may be served on:

(A) A plaintiff after commencement of the action; and

(B) Any other party with or after the party was served with process, entered an appearance, or filed a pleading.

(3) Service. Copies of the requests shall be served on all parties not in default. The party issuing the requests shall also provide each responding party an electronic copy in a commonly used medium, such as a diskette, CD-ROM or as an e-mail attachment, in a format that can be read by most commonly used word processing programs, such as Word for Windows or WordPerfect 5.x or higher. In addition to the information normally in a certificate of service, the certificate of service shall also state the:

(A) Name of each party who is to respond to the requests;

(B) Number of the set of requests;

(C) Format of the electronic copy and the medium used to transmit the electronic copy to the responding party.

At the time of service, a certificate of service, but not the requests, shall be filed with the court as provided in Rule 58.01(d).

(c) Response. The requests shall be answered by each party to whom they are directed.

(1) When Response is Due. Responses shall be served within 30 days after the service of the request. A defendant, however, shall not be required to respond to the request before the expiration of 45 days after the earlier of:

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

(A) The date the defendant enters an appearance; or

(B) The date the defendant is served with process.

The court may allow a shorter or longer time.

(2) Form. The title of the response shall identify the responding party and the number of the set of the requests. The response shall quote each request, including its original paragraph number, and immediately thereunder state that the requested items will be produced or the inspection and related activities will be permitted as requested, unless the request is objected to, in which event each reason for objection shall be stated in detail.

(3) Objections and Privileges. If information is withheld because of an objection, then each reason for the objection shall be stated. An objection to part of a request must specify the part and permit inspection of the rest. If a privilege or the work product doctrine is asserted as a reason for the objection, then without revealing the protected information, the objecting party shall state information that will permit others to assess the applicability of the privilege or work product doctrine.

(4) Method of Production. A party who produces documents for inspection shall produce them as they are kept in the usual course of business or shall organize and label them to correspond with the categories in the request.

(5) Signing. The response shall be signed by the attorney or by the party if the party is not represented by an attorney.

(6) Service. The party to whom the requests were directed shall serve a signed original of the response and objections, if any, on the party that issued the requests and a copy upon all parties not in default. The certificate of service shall state the name of the party who issued the requests and the number of the set of requests. At the time of service, a certificate of service, but not the response, shall be filed with the court as provided in Rule 58.01(d).

(d) Filing. The request and responses thereto shall not be filed with the court except upon court order or contemporaneously with a motion placing the request in issue. However, both when the request and responses are served, the party serving them shall file with the court a certificate of service. The certificate shall show the caption of the case, the name of the party served, the date and manner of service, and the signature of the serving party or attorney. Each party filing a certificate shall maintain a copy of the document that is the subject of the certificate until the case is finally disposed.

(e) Enforcement. The party submitting the request may move for an order under Rule 61.01(d) with respect to any objection or other failure to respond to the request or any part thereof or any failure to permit inspection as requested.

RULE 59.01. REQUEST FOR AND EFFECT OF ADMISSIONS

(a) Scope. After commencement of an action, a party may serve upon any other party no more than 25 written requests for the admission without leave of court or stipulation of the parties, for purposes of the pending action only, of the

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

truth of any matters within the scope of Rule 56.01(b) set forth in the request that relate to statements or opinions of fact or of the application of law to fact, including the genuineness of any documents described in the request. However, the limitation on the number of requests for admission specified by this Rule 59.01 shall not apply to requests for admission regarding the genuineness of documents.

A failure to timely respond to requests for admissions in compliance with this Rule 59.01 shall result in each matter being admitted.

The request for admissions shall have included at the beginning of said request the following language in all capital letters, boldface type, and a character size that is as large as the largest character size of any other material in the request:

"A FAILURE TO TIMELY RESPOND TO REQUESTS FOR ADMISSIONS IN COMPLIANCE WITH RULE 59.01 SHALL RESULT IN EACH MATTER BEING ADMITTED BY YOU AND NOT SUBJECT TO FURTHER DISPUTE."

(b) Effect of Admission. Any matter admitted under this Rule 59.01 is conclusively established unless the court on motion permits withdrawal or amendment of the admission.

Subject to the provisions of Rule 62.01 governing amendment of a pre-trial order, the court may permit withdrawal or amendment when the presentation of the merits of the action will be subserved thereby and the party who obtained the admission fails to satisfy the court that withdrawal or amendment will prejudice the party in maintaining the action or defense on the merits.

Any admission made by a party under this Rule 59.01 is for the purpose of the pending action only and is not an admission by the party for any other purpose nor may it be used against the party in any other proceeding.

(c) Issuance.

(1) Form. In consecutively numbered paragraphs, the request shall set forth each matter for which an admission is requested. Copies of documents about which admissions are requested shall be served with the request unless copies have already been furnished. The title shall identify the party to whom the request for admissions are directed and state the number of the set of requests directed to that party.

(2) When Requests May be Served. Without leave of court, requests may be served on:

(A) A plaintiff after commencement of the action,

(B) A defendant or respondent upon the expiration of 30 days after the first event of the defendant entering an appearance or being served with process, and

(C) Any other party with or after the party was served with process, entered an appearance, or filed a pleading.

(3) Service. Copies of the requests shall be served on all parties not in default. The party issuing the requests shall also provide each responding party an electronic copy in a commonly used medium, such as a diskette, CD-ROM or as an e-mail attachment, in a format that can be read by most commonly used word processing programs, such as Word for Windows or WordPerfect 5.x or higher. In

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

addition to the information normally in a certificate of service, the certificate of service shall also state the:

- (A) Name of each party who is to respond to the requests;
- (B) Number of the set of requests,
- (C) Format of the electronic copy and the medium used to transmit the electronic copy to the responding party.

At the time of service, a certificate of service, but not the requests, shall be filed with the court as provided in Rule 59.01(d).

(d) Response. The requests shall be answered by each party to whom they are directed.

(1) When Response is Due. Responses shall be served within 30 days after the service of the requests for admissions. A defendant or respondent, however, shall not be required to respond to requests for admissions before the expiration of 60 days after the earlier of the defendant:

- (A) Entering an appearance, or
 - (B) Being served with process.
- The court may allow a shorter or longer time.

(2) Form. The title of the response shall identify the responding party and the number of the set of the requests for admissions. The response shall quote each request, including its original paragraph number, and immediately thereunder specifically:

- (A) Admit the matter; or
- (B) Deny the matter; or
- (C) Object to the matter and state each reason for the objection; or
- (D) Set forth in detail the reasons why the responding party cannot truthfully admit or deny the matter.

A denial shall fairly meet the substance of the requested admission.

When good faith requires that a party qualify an answer or deny only a part of the matter of which an admission is requested, the party shall specify so much of it as true and qualify or deny the remainder.

A responding party may give lack of information or knowledge as a reason for failure to admit or deny if such party states that the party has made reasonable inquiry and the information known or readily obtainable by the party is insufficient to enable the party to admit or deny.

A party who considers that a matter of which an admission has been requested presents a genuine issue for trial may not, on that ground alone, object to the request; such party may deny the matter, subject to the provisions of Rule 61.01(c), or set forth reasons why the party cannot admit or deny it.

(3) Objections and Privileges. If an objection is asserted, then each reason for the objection shall be stated. If a failure to admit or deny a request is based on a privilege or the work product doctrine, then without revealing the protected information, the objecting party shall state information that will permit others to assess the applicability of the privilege or work product doctrine.

(4) Signing. The response shall be signed by the party or the party's attorney.

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

(5) Service. The party to whom the requests were directed shall serve a signed original of the response and objections, if any, on the party that issued the requests and a copy upon all parties not in default. The certificate of service shall state the name of the party who issued the requests and the number of the set of requests.

At the time of service, a certificate of service, but not the response, shall be filed with the court as provided in Rule 59.01(d).

(e) Filing Request and Responses. The request and response thereto shall not be filed with the court except upon court order or contemporaneously with a motion placing the request in issue. However, both when the request and the response are served the party serving them shall file with the court a certificate of service. Each party filing a certificate shall maintain a copy of the document that is the subject of the certificate until the case is finally disposed.

(f) Enforcement. The party who has requested the admissions may move to have determined the sufficiency of the answers or objections. Unless the court determines that an objection is proper, it shall order that an answer be served. If the court determines that an answer does not comply with the requirements of this Rule 59.01, it may order either that:

- (1) The matter is admitted, or
- (2) An amended answer be served.

The provisions of Rule 61.01(c) apply to the award of expenses incurred in relation to the motion.

RULE 61.01. FAILURE TO MAKE DISCOVERY: SANCTIONS

(a) Failure to Act - Evasive or Incomplete Answers. Any failure to act described in this Rule 61 may not be excused on the ground that the discovery sought is objectionable unless the party failing to act has served timely objections to the discovery request or has applied for a protective order as provided by Rule 56.01(c).

For the purpose of this Rule 61, an evasive or incomplete answer is to be treated as a failure to answer.

(b) Failure to Answer Interrogatories. If a party fails to answer interrogatories or serve objections thereto within the time provided by law, or if objections are served thereto that are thereafter overruled and the interrogatories are not timely answered, the court may, upon motion and reasonable notice to other parties, take such action in regard to the failure as are just and among others the following:

- (1) Enter an order striking pleadings or parts thereof or dismissing the action or proceeding or any part thereof or render a judgment by default against the disobedient party;
- (2) Upon the showing of reasonable excuse, grant the party failing to answer the interrogatories additional time to serve answers, but such order shall provide that if the party fails to answer the interrogatories within the additional time

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

allowed, the pleadings of such party shall be stricken or the action shall be dismissed or a default judgment shall be rendered against the disobedient party.

(c) Failure to Answer Request for Admissions. If a party, after being served with a request to admit the genuineness of any relevant documents or the truth of any relevant and material matters of fact, fails to serve answers or objections thereto, as required by Rule 59.01, the genuineness of any relevant documents or the truth of any relevant and material matters of fact contained in the request for admissions shall be taken as admitted. If a party fails to admit the genuineness of any document or the truth of any matter as requested under Rule 59.01, and if the party requesting the admissions thereafter proves the genuineness of the document or the truth of the matter, the party requesting the admissions may apply to the court for an order requiring the other party to pay the reasonable expenses incurred in making that proof, including reasonable attorney fees. The court shall make the order unless it finds that:

- (1) The request was held objectionable pursuant to Rule 59.01;
- (2) The admission sought was of no substantial importance;
- (3) The party failing to admit had reasonable grounds to believe that such party might prevail on the matter; or
- (4) There was other good reason for the failure to admit.

(d) Failure to Produce Documents and Things or to Permit Inspection. If a party fails to respond that inspection will be permitted as requested, fails to permit inspection, or fails to produce documents and tangible things as requested under Rule 58.01, or timely serves objections thereto that are thereafter overruled and the documents and things are not timely produced or inspection thereafter is not timely permitted, the court may, upon motion and reasonable notice to other parties, take such action in regard to the failure as are just and among others the following:

- (1) Enter an order refusing to allow the disobedient party to support or oppose designated claims or defenses or prohibiting the disobedient party from introducing designated matters in evidence;
- (2) Enter an order striking pleadings or parts thereof or staying further proceedings until the order is obeyed or dismissing the action or proceeding or any part thereof or render a judgment by default against the disobedient party;
- (3) Enter an order treating as a contempt of court the failure to obey; or
- (4) Enter an order requiring the party failing to obey the order or the attorney advising the party or both to pay the reasonable expenses, including attorney fees, caused by the failure unless the court finds that the failure was substantially justified or that other circumstances make an award of expenses unjust.

(e) Failure to Appear for Physical Examination. If a party fails to obey an order directing a physical or mental or blood examination under Rule 60.01, the court may, upon motion and reasonable notice to the other parties and all persons affected thereby, make such orders in regard to the failure as are just, and among others, it may take any action authorized under Rules 61.01(d)(1), (2), and (4). Where a party has failed to comply with an order requiring the production of another for examination, the court may enter such orders as are authorized by this Rule 61.01, unless the party failing to comply shows an inability to produce such person for examination.

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

(f) Failure to Attend Own Deposition. If a party or an officer, director or managing agent of a party or a person designated under Rules 57.03(b)(4) and 57.04(a), to testify on behalf of a party, fails to appear before the officer who is to take his deposition, after being served with notice, the court may, upon motion and reasonable notice to the other parties and all persons affected thereby, make such orders in regard to the failure as are just and among others, it may take any action authorized under paragraphs (1), (2), (3) and (4) of subdivision (d) of this Rule.

(g) Failure to Answer Questions on Deposition. If a witness fails or refuses to testify in response to questions propounded on deposition, the proponent of the question may move for an order compelling an answer. The proponent of the question may complete or adjourn the deposition examination before applying for an order. In ruling upon the motion, the court may make such protective order as it would have been empowered to make on a motion pursuant to Rule 56.01(c).

If the motion is granted, the court, after opportunity for hearing, shall require the party or deponent whose conduct necessitated the motion or the party or attorney advising such conduct or both of them to pay to the moving party the reasonable expenses incurred in obtaining the order, including attorney's fees, unless the court finds that the opposition to the motion was substantially justified or that other circumstances make an award of expenses unjust.

If the motion is denied, the court, after opportunity for hearing, shall require the moving party or the attorney advising the motion or both of them to pay to the party or deponent who opposed the motion the reasonable expenses incurred in opposing the motion, including attorney's fees, unless the court finds that the making of the motion was substantially justified or that other circumstances make an award of expenses unjust.

If the motion is granted in part and denied in part, the court may apportion the reasonable expenses incurred in relation to the motion among the parties and persons in a just manner.

If the motion is granted and if the persons ordered to respond fail to comply with the court's order, the court, upon motion and reasonable notice to the other parties and all persons affected thereby, may make such orders in regard to the failure as are just, and among others, it may take any action authorized under Rule 61.01(d).

(h) Objections to Approved Discovery. If objections to Rule 56.01(b)(8) approved interrogatories or requests for production are overruled, the court may assess against such objecting party, attorney, or attorney's law firm, or all of them, the attorney's fees reasonably incurred in having such objection overruled. If such fees are not paid within sixty days, the court may enter such other appropriate orders against the disobedient party, including an order striking pleadings, dismissing the action, or entering a judgment by default.

EXPLANATORY NOTES (CONT.)

- (13) Section 143.011 was contained in both SB 884 and HB 2540 in 2018. HB 2540 contained a delayed effective date of 1-01-19 for this section. SB 884 contained no effective date provision. The SB 884 version became effective 8-28-18 until 1-01-19, and the HB 2540 version merged with the SB 884 version became effective 1-01-19.
- (14) Section 143.811 was contained in both HB 1858 and SB 975 & 1024 Revision in 2018. The HB 1858 version contained a delayed effective date of 7-01-19 for this section. SB 975 & 1024 Revision contained no effective date provision. The SB 975 & 1024 Revision version became effective 8-28-18 until 7-01-19, and the HB 1858 version merged with the SB 975 & 1024 Revision version becomes effective 7-01-19.
- (15) Section 144.030 was contained in both SB 768 and SB 975 & 1024 Revision in 2018. Subsection .2(45) of this section was omitted in SB 975 & 1024 Revision. The HB 1858 version that included subsection .2(45), merged with all other additional changes in the SB 975 & 1024 Revision version, became the effective version of this section because the omission of .2(45) in S.B. 975 & 1024 Revision is not given effect pursuant to section 3.065.
- (16) Section 160.545 was contained in HB 1744 and SB 807 & 577 in 2018. HB 1744 contained an emergency clause for this section, and was signed by the Governor and became effective on 6-01-18. SB 807 & 577 did not contain an emergency clause; it became effective on 8-28-18. The printed version of this section contains the language of HB 1744 merged with SB 807 & 577.
- (17) Section 161.026 has two versions because of a possible conflict. This section was contained in both SB 743 and HB 1606 in 2018. Subsection 8 of this section contains an expiration date of 8-28-25 in SB 743, and an expiration date of 8-28-26 in HB 1606.
- (18) Section 166.435 was a section with multiple versions. In 2015, SB 366 amended the 2008 SB 863 version of this section to include a contingent effective date, creating the multiple versions. In 2018, both HB 1744 and SB 882 amended the SB 366 version to repeal the contingent effective date, and both HB 1744 and SB 882 repealed the SB 863 version of this section.
- (19) Section 167.121 was contained in both HB 1606 and SB 603, et al., in 2018. The HB 1606 version contained a delayed effective date of 7-01-19 for this section. SB 603, et al., contained no effective date provision. The SB 603, et al., version became effective 8-28-18 until 7-01-19, and the HB 1606 version merged with the SB 603, et al., version becomes effective 7-01-19.
- (20) Section 167.910 has two versions because of a possible conflict. This section was contained in both HB 1606 and HB 1415 in 2018. The changes to this section in each bill were myriad, creating differences throughout that could not be merged intelligibly under section 3.065.
- (21) Section 171.029 was repealed by both HB 1606 and SB 743 in 2018. Both HB 1606 and SB 743 contained a delayed effective date of 7-01-19 for the repeal of the section.
- (22) Section 178.930 was contained in three bills in 2018, HB 1415, SB 743, and SB 975 & 1024 Revision. Both HB 1415 and SB 743 repealed the section. SB 975 & 1024 Revision amended the section, but in accordance with subsection 2 of section 3.065, the amendments in S.B. 975 & 1024 Revision are not given effect and this section is repealed by H.B. 1415 and S.B. 743. HB 1415 contained an emergency clause, and the repeal of the section became effective 7-01-18. SB 743 became effective 8-28-18.
- (23) Section 178.931 was contained in both HB 1415 and SB 743 in 2018. HB 1415 contained an emergency clause, and the enactment of the section became effective 7-01-18. SB 743 became effective 8-28-18.
- (24) Section 190.147 was contained in both HB 1355 and SB 870 in 2018. Subsection 1 of this section contains the language from both bills; however, the order of the language in SB 870 differs from HB 1355.
- (25) SB 843 transferred section 196.1129 to section 191.756 in 2018.
- (26) Sections 195.070 and 195.265 were contained in three bills in 2018, SB 718, SB 826, and SB 951. Both SB 718 and SB 826 contained an emergency clause for sections 195.070 and 195.265, and were signed by the Governor and became effective on 7-06-18. SB 951 did not contain an emergency clause; it became effective on 8-28-18. The printed version of this section contains the merged language from all three bills.

EXPLANATORY NOTES (CONT.)

- (27) This section was contained in both SB 793 and SB 800. Both bills contained a contingency in section 211.438, as well as an effective date of 1-01-21 in section 211.439. Both the contingency and the delayed effective date applied to the following sections: 211.021, 211.031, 211.032, 211.033, 211.041, 211.061, 211.071, 211.073, 211.081, 211.091, 211.101, 211.161, 211.181, 211.321, 211.421, 211.425, 211.431, and 221.044.
- (28) Section 260.242 was contained in three bills in 2018, SB 659, SB 782, and SB 917; however, the order of the language in subsections 3 to 10 of this section in SB 659 and SB 782 differs from SB 917.
- (29) Section 313.040 was amended by HB 1484 in 2018, but contained a contingent effective date. Therefore, 2 versions of this section are printed. The language in the 2014 SB 491 version of this section is the effective language until the contingency in the 2018 HB 1484 version occurs.
- (30) Section 329.032 was contained in both HB 1500 and HB 1719 in 2018. The words appearing between the asterisks in the section do not appear in HB 1500.
- (31) This section was contained in both HB 1719 and SB 660 in 2018. Both bills contained a contingent effective date in section 337.170 for the following sections: 337.100, 337.105, 337.110, 337.115, 337.120, 337.125, 337.130, 337.135, 337.140, 337.145, 337.150, 337.155, 337.160, and 337.165.
- (32) Section 337.712 was amended in 2018 by SB 975 & 1024 Revision. The section number "337.712" appears in HB 1719, 2018. However, the text that appears in HB 1719 is not the text in the official Revised Statutes of Missouri, but is the text for section 337.662 as it appears in RSMo. The official text of section 337.712 was only amended by SB 975 & 1024 Revision and not by HB 1719; therefore, section 3.060 is applicable instead of section 3.065.
- (33) Section 589.400 was contained in SB 655 and SB 793 in 2018. The changes to this section were vastly different in each bill. Since the different changes could be reconciled, section 3.065 gave the Revisor the authority to merge these bills.
- (34) SB 975 & 1024 Revision transferred section 640.150 to 620.035 in 2018.
- (35) Sections designated in bills as generic sections ("Section 1", "Section B", etc.) may be classified as RSMo sections by the Revisor of Statutes. Consult the Disposition of Sections table for a definitive listing.
